PART I: SHOULDER

A: Rotator Cuff

1. Acromioplasty

2. Rotator Cuff Repair: Open Technique for Partial-Thickness or Small or Medium Full-Thickness Tears

3. Rotator Cuff Repair: Arthroscopic Technique for Partial-Thickness or Small or Medium Full-Thickness Tears

4. Open Repair of Rotator Cuff Tears

5. Arthroscopic Repair of Massive Rotator Cuff Tears

6. Operative Fixation of Symptomatic Os Acromiale

B: Arthritic Shoulder

7. Humeral Head Resurfacing Arthroplasty,

8. Humeral Hemiarthroplasty with Biologic Glenoid Resurfacing

9. Total Shoulder Arthroplasty

10. Rotator Cuff Tear Arthroplasty: Open Surgical Treatment

11. Open Unconstrained Revision Shoulder Arthroplasty

C: Instability

12. Closed Treatment of Shoulder Dislocations

13. Arthroscopic Treatment of Traumatic Anterior Instability of the Shoulder

14. Open Treatment of Anterior-Inferior Multidirectional Instability of the Shoulder

15. Arthroscopic Treatment of Anterior-Inferior Multidirectional Instability of the Shoulder

16. Anterior Glenohumeral Instability Associated with Glenoid or Humeral Bone Deficiency: The Latarjet Procedure

17. Open Treatment of Posterior-Inferior Shoulder Instability

18. Arthroscopic Treatment of Posterior-Inferior Multidirectional Instability of the Shoulder

19. Open Bankart Procedure for Recurrent Anterior Shoulder Dislocation

D: Biceps Tendon

20. Mini-Open Biceps Tenodesis

21. Arthroscopic Biceps Tenodesis

22. SLAP Lesion: Arthroscopic Reconstruction of the Labrum and Biceps Anchor

23. Treatment of the Unstable Shoulder with Humeral Head Bone Loss

E: Clavicle

24. Open Distal Clavicle Excision

25. Arthroscopic Distal Clavicle Resection

26. Open Treatment of Acute and Chronic Acromioclavicular Dislocations

27. Sternoclavicular Joint Reconstruction Using Semitendinosus Graft

F: Trauma

28. Open Reduction and Internal Fixation of Acute Midshaft Clavicular Fractures

29. Intramedullary Fixation of Clavicle Fractures

30. Operative Treatment of Two-Part Proximal Humerus Fractures

31. Open Reduction and Internal Fixation of Three- and Four-Part Proximal Humerus Fractures

32. Percutaneous Fixation of Proximal Humerus Fractures

33. Proximal Humerus Fractures: Hemiarthroplasty

34. Operative Management of Scapular Fractures

G: Miscellaneous

35. Surgical Approaches to the Shoulder

36. Arthrodesis of the Shoulder

37. Open and Arthroscopic Suprascapular Nerve Decompression

38. Scapular Surgery

39. Adhesive Capsulitis

40. Arthroscopic Treatment of Calcific Tendinitis in the Shoulder

41. Nerve Transfers for Shoulder and Elbow Restoration after Upper Trunk Brachial Plexus Injuries

42. Thoracic Outlet Syndrome

43. Suprascapular Nerve Neuropathy

PART II: ELBOW

A: Introduction

44. Surgical Approaches for Open Treatment of the Elbow

B: Elbow Arthroscopy

45. Arthroscopy of the Elbow: Setup and Portals

46. Elbow Arthritis and Stiffness: Open Treatment

47. Elbow Arthritis and Stiffness: Arthroscopic Treatment

C: Arthroplasty

48. Radial Head Fractures: Radial Head Replacement

49. Total Elbow Arthroplasty

50. Total Elbow Arthroplasty for the Treatment of Complex Distal Humerus Fractures

51. Radiocapitellar Replacement

52. Revision Total Elbow Arthroplasty

D: Soft Tissue Pathology

53. Medial Epicondylitis: Open Treatment

54. Lateral Epicondylitis: Arthroscopic and Open Treatment

55. Repair of Distal Biceps Tendon Ruptures

56. Repair and Reconstruction of the Ruptured Triceps

E: Nerves

57. Endoscopic Cubital Tunnel Release

58. Submuscular Ulnar Nerve Transposition

59. Surgical Decompression for Radial Tunnel Syndrome

F: Trauma

60. Distal Humerus Fractures, Including Isolated Distal Lateral Column and Capitellar Fractures

61. Radial Head Fractures: Open Reduction and Internal Fixation

62. Open Treatment of Complex Traumatic Elbow Instability

63. Surgical Reconstruction of Longitudinal Radioulnar Dissociation (Essex-Lopresti Injury)

64. Ulnar Collateral Ligament Reconstruction Using the Modified Jobe Technique

65. Lateral Ulnar Collateral Ligament Reconstruction

G: Miscellaneous

66. Soft Tissue Coverage

67. Operative Management of Olecranon Bursitis

68. Elbow Arthroscopic Débridement for Osteochondritis Dissecans
