

*Abdomen*

*Liver*

*Anatomy and Approach*

*Liver*

*Diffuse Parenchymal Disease*

*Acute Hepatitis*

*Hepatic Cirrhosis*

*Hepatic Steatosis*

*Sinusoidal Obstruction*

*Cyst and Cyst-Like Lesions*

*Hepatic Cyst*

*Biliary Hamartoma*

*Biliary Cystadenoma/Carcinoma*

*Biloma*

*Pyogenic Hepatic Abscess*

*Amebic Hepatic Abscess*

*Hepatic Hydatid Cyst*

*Hepatic Microabscesses*

*Peribiliary Cyst*

*Focal Solid Masses*

*Hepatic Cavernous Hemangioma*

*Focal Nodular Hyperplasia*

*Hepatic Adenoma*

*Hepatocellular Carcinoma*

*Hepatic Metastases*

*Hepatic Lymphoma*

*Vascular Conditions*

*Transjugular Intrahepatic Portosystemic Shunt (TIPS)*

*Portal Hypertension*

*Portal Vein Occlusion*

*Budd-Chiari Syndrome*

*Portal Vein Gas*

*Liver Transplants*

*Liver Transplant Hepatic Artery Stenosis/Thrombosis*

*Liver Transplant Portal Vein Stenosis/Thrombosis*

*Liver Transplant Hepatic Venous Stenosis/Thrombosis*

*Liver Transplant Biliary Stricture*

*Biliary System*

*Anatomy and Approach*

*Biliary System*

*Gallstones and Mimics*

*Cholelithiasis*

*Echogenic Bile*

*Gallbladder Polyp*

*Gallbladder Wall Pathology*

*Acute Calculous Cholecystitis*

*Acute Acalculous Cholecystitis*

*Chronic Cholecystitis*

*Xanthogranulomatous Cholecystitis*

*Porcelain Gallbladder*

*Gallbladder Adenomyomatosis*

*Gallbladder Carcinoma*

*Ductal Pathology*

*Biliary Ductal Dilatation*

*Choledochal Cyst*

*Choledocholithiasis*

*Biliary Ductal Gas*

*Cholangiocarcinoma*

*Acute Cholangitis*

*Recurrent Pyogenic Cholangitis*

*HIV-/AIDS-Related Cholangiopathy*

*Pancreas*

*Anatomy and Approach*

*Pancreas*

*Pancreatitis*

*Acute Pancreatitis*

*Pancreatic Pseudocyst*

*Chronic Pancreatitis*

*Simple Cysts and Cystic Neoplasms*

*Mucinous Cystic Pancreatic Tumor*

*Serous Cystadenoma of Pancreas*

*Intraductal Papillary Mucinous Neoplasm (IPMN)*

*Solid-Appearing Pancreatic Neoplasms*

*Pancreatic Ductal Carcinoma*

*Pancreatic Neuroendocrine Tumor*

*Solid Pseudopapillary Neoplasm*

*Spleen*

*Anatomy and Approach*

*Spleen*

*Splenic Lesions*

*Splenomegaly*

*Splenic Cyst*

*Splenic Tumors*

*Splenic Infarct*

*Urinary Tract*

*Anatomy and Approach*

*Kidneys*

*Ureters and Bladder*

*Normal Variants and Pseudolesions*

*Column of Bertin, Kidney*

*Renal Junctional Line*

*Renal Ectopia*

*Horseshoe Kidney*

*Ureteral Duplication*

*Ureteral Ectopia*

*Ureteropelvic Junction Obstruction*

*Calculi and Calcinosis*

*Urolithiasis*

*Nephrocalcinosis*

*Hydronephrosis*

*Cysts and Cystic Disorders*

*Simple Renal Cyst*

*Complex Renal Cyst*

*Cystic Disease of Dialysis*

*Multilocular Cystic Nephroma*

*Urinary Tract Infection*

*Acute Pyelonephritis*

*Renal Abscess*

*Emphysematous Pyelonephritis*

*Pyonephrosis*

*Xanthogranulomatous Pyelonephritis*

*Tuberculosis, Urinary Tract*

*Solid Renal Neoplasms*

*Renal Cell Carcinoma*

*Renal Metastases*

*Renal Angiomyolipoma*

*Upper Tract Urothelial Carcinoma*

*Renal Lymphoma*

*Vascular Conditions*

*Renal Artery Stenosis*

*Renal Vein Thrombosis*

*Renal Infarct*

*Perinephric Hematoma*

*Bladder*

*Bladder Carcinoma*

*Ureterocele*

*Bladder Diverticulum*

*Bladder Calculi*

*Kidney Transplant*

*Renal Transplant Complications*

*Perigraft Fluid Collections*

*Renal Transplant Hydronephrosis*

*Transplant Renal Artery Stenosis*

*Transplant Renal Artery Thrombosis*

*Transplant Renal Vein Thrombosis*

*Renal Transplant Arteriovenous (AV) Fistula*

*Renal Transplant Pseudoaneurysm*

*Renal Transplant Rejection*

*Delayed Renal Graft Function*

*Adrenal Gland*

*Anatomy and Approach*

*Adrenal Glands*

*Adrenal Lesions*

*Adrenal Hemorrhage*

*Myelolipoma*

*Adrenal Adenoma*

*Adrenal Cyst*

*Pheochromocytoma*

*Adrenal Carcinoma*

*Abdominal Wall/Peritoneal Cavity*

*Anatomy and Approach*

*Abdominal Lymph Nodes*

*Peritoneal Cavity*

*Abdominal Wall*

*Abdominal Wall*

*Abdominal Wall Hernia*

*Groin Hernia*

*Peritoneal Cavity*

*Ascites*

*Peritoneal Carcinomatosis*

*Bowel*

*Anatomy and Approach*

*Bowel*

*Bowel Abnormalities*

*Appendicitis*

*Appendiceal Mucocele*

*Intussusception*

*Epiploic Appendagitis*

*Diverticulitis*

*Crohn Disease*

*Pelvis*

*Male Pelvis*

*Anatomy and Approach*

*Prostate and Seminal Vesicles*

*Testes and Scrotum*

*Penis and Urethra*

*Scrotal Lesions*

*Testicular Germ Cell Tumors*

*Gonadal Stromal Tumors, Testis*

*Testicular Lymphoma/Leukemia*

*Epidermoid Cyst*

*Tubular Ectasia of Rete Testis*

*Testicular Microlithiasis*

*Testicular Torsion/Infarction*

*Undescended Testis*

*Epididymitis/Orchitis*

*Scrotal Trauma*

*Hydrocele*

*Spermatocele/Epididymal Cyst*

*Adenomatoid Tumor*

*Varicocele*

*Prostatic Hyperplasia*

*Prostatic Carcinoma*

*Female Pelvis*

*Anatomy and Approach*

*Uterus*

*Cervix*

*Vagina*

*Ovaries*

*Cervical and Myometrial Pathology*

*Nabothian Cyst*

*Cervical Carcinoma*

*Adenomyosis*

*Leiomyoma*

*Uterine Anomalies*

*Endometrial Disorders*

*Hematometocolpos*

*Endometrial Polyp*

*Endometrial Carcinoma*

*Endometritis*

*Intrauterine Device*

*Ovarian Cysts and Cystic Neoplasms*

*Functional Ovarian Cyst*

*Hemorrhagic Cyst*

*Ovarian Hyperstimulation Syndrome*

*Serous Ovarian Cystadenoma/Carcinoma*

*Mucinous Ovarian Cystadenoma/Carcinoma*

*Ovarian Teratoma*

*Polycystic Ovarian Syndrome*

*Endometrioma*

*Nonovarian Cystic Masses*

*Tuboovarian Abscess*

*Hydrosalpinx*

*Parovarian Cyst*

*Peritoneal Inclusion Cyst*

*Vaginal and Vulvar Cysts*

*Bartholin Cyst*

*Gartner Duct Cyst*

*Miscellaneous Ovarian Masses*

*Sex Cord-Stromal Tumor*

*Adnexal/Ovarian Torsion*

*Ovarian Metastases Including Krukenberg Tumor*

*Neck*

*Anatomy and Approach*

*Thyroid and Parathyroid Glands*

*Cervical Lymph Nodes*

*Neck Lesions*

*Differentiated Thyroid Carcinoma*

*Anaplastic Thyroid Carcinoma*

*Thyroid Non-Hodgkin Lymphoma*

*Multinodular Goiter*

*Colloid Cyst of Thyroid*

*Hashimoto Thyroiditis*

*Graves Disease*

*Parathyroid Adenoma*

*Reactive Adenopathy*

*Malignant Cervical Lymph Nodes*

*Parotid Tumors*

*Submandibular Sialadenitis*

*Vascular*

*Anatomy and Approach*

*Carotid Arteries*

*Vertebral Arteries*

*Neck Veins*

*Aorta and Inferior Vena Cava*

*Iliac Arteries and Veins*

*Leg Vessels*

*Vascular Lesions*

*Jugular Vein Thrombosis*

*Carotid Artery Dissection in Neck*

*Carotid Stenosis/Occlusion*

*Vertebral Stenosis/Occlusion*

*Deep Vein Thrombosis*

*Varicose Veins/Incompetent Perforator*

*Musculoskeletal*

*Anatomy and Approach*

*Shoulder*

*Groin*

*Leg Muscles*

*Musculoskeletal Lesions*

*Rotator Cuff/Biceps Tendinosis*

*Rotator Cuff/Biceps Tendon Tear*

*Baker Cyst*

*Lipoma*

*Epidermoid Cyst*

*Hematoma/Seroma*

*Soft Tissue Infection*

*Ganglion Cyst*

*Muscle Injury*

*Ligament Injury*

*Obstetrics*

*First Trimester*

*Anatomy and Approach*

*First Trimester*

*Abnormal Intrauterine Gestation*

*Abnormal and Failed First-Trimester Pregnancy*

*Perigestational Hemorrhage*

*Complete Hydatidiform Mole*

*Ectopic Gestation*

*Tubal Ectopic*

*Other Ectopics*

*Brain and Spine*

*Anatomy and Approach*

*Brain and Spine*

*Brain*

*Exencephaly, Anencephaly*

*Cephalocele*

*Holoprosencephaly*

*Agenesis of the Corpus Callosum*

*Choroid Plexus Cyst*

*Arachnoid Cyst*

*Aqueductal Stenosis*

*Chiari 2 Malformation*

*Dandy-Walker Malformation*

*Mega Cisterna Magna*

*Vein of Galen Aneurysmal Malformation*

*Intracranial Hemorrhage and Encephalomalacia*

*Absent Cavum Septi Pellucidi*

*Spine*

*Spina Bifida*

*Caudal Regression Sequence*

*Sacrococcygeal Teratoma*

*Face and Neck*

*Anatomy and Approach*

*Face and Neck*

*Face and Neck Lesions*

*Cleft Lip, Palate*

*Cystic Hygroma*

*Chest*

*Anatomy and Approach*

*Chest*

*Chest Lesions*

*Congenital Diaphragmatic Hernia*

*Congenital Pulmonary Airway Malformation (CPAM)*

*Bronchopulmonary Sequestration (BPS)*

*Heart*

*Anatomy and Approach*

*Cardiovascular System*

*Heart Defects*

*Atrioventricular Septal Defect*

*Ventricular Septal Defect*

*Ebstein Anomaly*

*Hypoplastic Left Heart*

*Tetralogy of Fallot*

*Transposition of the Great Arteries (TGA)*

*Truncus Arteriosus*

*Rhabdomyoma*

*Abdominal Wall and Gastrointestinal Tract*

*Anatomy and Approach*

*Abdominal Wall and Gastrointestinal Tract*

*Abdominal Wall Defects*

*Omphalocele*

*Gastroschisis*

*Body Stalk Anomaly*

*Bladder Exstrophy*

*Bowel Abnormalities*

*Esophageal Atresia*

*Duodenal Atresia*

*Jejunal, Ileal Atresia*

*Meconium Peritonitis, Pseudocyst*

*Anal Atresia*

*Cloacal Malformation/Urogenital Sinus*

*Hepatobiliary Abnormalities*

*Choledochal Cyst*

*Genitourinary Tract*

*Anatomy and Approach*

*Genitourinary Tract*

*Kidneys and Bladder*

*Urinary Tract Dilation*

*Duplicated Collecting System*

*Other Developmental Variants*

*Bilateral Renal Agenesis*

*Echogenic Kidneys*

*Ureteropelvic Junction Obstruction*

*Obstructive Renal Dysplasia*

*Multicystic Dysplastic Kidney*

*Posterior Urethral Valves*

*Prune-Belly Syndrome*

*Adrenal*

*Neuroblastoma*

*Genitalia*

*Abnormal Genitalia*

*Ovarian Cyst*

*Musculoskeletal*

*Dysplasias*

*Achondrogenesis*

*Achondroplasia*

*Osteogenesis Imperfecta*

*Thanatophoric Dysplasia*

*Extremity Malformations*

*Clubfoot and Rocker-Bottom Foot*

*Radial Ray Malformation*

*Abnormal Hand*

*Placenta, Membranes, and Umbilical Cord*

*Placenta and Membrane Abnormalities*

*Placental Abruption*

*Low-Lying Placenta and Previa*

*Vasa Previa*

*Succenturiate Lobe*

*Morbidly Adherent Placenta*

*Circumvallate Placenta*

*Marginal and Velamentous Cord Insertion*

*Chorioangioma*

*Umbilical Cord Abnormalities*

*Single Umbilical Artery*

*Umbilical Vein Varix*

*Multiple Gestations*

*Chorionicity and Amnionicity in Twins*

*Twin-Twin Transfusion Syndrome*

*Discordant Twin Growth*

*Twin Reversed Arterial Perfusion*

*Conjoined Twins*

*Triples and Beyond*

*Aneuploidy*

*Trisomy 21*

*Trisomy 18*

*Trisomy 13*

*Turner Syndrome (45,X)*

*Triploidy*

*Syndromes and Multisystem Disorders*

*Amniotic Band Syndrome*

*Beckwith-Wiedemann Syndrome*

*Meckel-Gruber Syndrome*

*Pierre Robin Sequence*

*Sirenomelia*

*VACTERL Association*

*Infection*

*Cytomegalovirus*

*Fluid, Growth, and Well-Being*

*Parameters of Fetal Well-Being*

*Fetal Growth Restriction*

*Macrosomia*

*Fetal Anemia*

*Hydrops*

*Maternal Conditions in Pregnancy*

*Myoma in Pregnancy*

*Müllerian Duct Anomalies in Pregnancy*

*Cervical Insufficiency/Short Cervix*

*Retained Products of Conception*

*Pediatric*
