

Introduction

- 1. Imaging Modalities in the Pediatric Patient: How to Choose***
- 2. ALARA principles***
- 3. Sedation/Anxiolysis for Pediatric Imaging***

Section 1: Neonatal

- 4. My What a Big Thymus You Have! Neonate/Infant Mediastinal Masses***
- 5. A Wheezin' We Will Go: Bronchiolitis/Viral Pathology***
- 6. Twisting the Night Away: Malrotation***
- 7. Double Bubble...Double Trouble! Duodenal Obstruction***
- 8. Breakin' My Heart: Pediatric Congenital Heart Disease***
- 9. More Than Constipation: Failure to Pass Meconium***
- 10. Rumbly in the Tumbly: Pneumatosis Intestinalis and Necrotizing Enterocolitis***

Section 2: Cardiac

- 11. Matters of the Heart: Pericarditis***
- 12. A Bit of a Mix-up: Right Sided Aortic Arch***
- 13. You're Surrounded: Vascular Rings***

Section 3: Gastroenterology

- 14. Twisting Tubes: Pediatric Gastrostomy Tube/Buttons***
- 15. Not Movin': Pediatric Bowel Obstruction***
- 16. Screaming Fits: Intussusception***
- 17. My Tummy! Appendicitis***
- 18. SMA Syndrome: It's Not In to Be Thin***
- 19. You Ate What? Swallowed Foreign Bodies***
- 20. Right Out of 'The Exorcist': Pyloric Stenosis***

Section 4: Genitourinary

21. Twists and Turns: Testicular Torsion

22. That Looks Painful: Hydrocele

23. Unusually Painful: Ovarian torsion

24. All Pain and No Gain: Renal Stones

25. Belly Getting Bigger? Wilms Tumor

26. TOA (Tubo-ovarian Abscess): Three Letters You Don't Want to Hear

Section 5: Neurologic

27. Don't Lose Your Head: Ventriculoperitoneal (VP) Shunt Issues

28. More than a Migraine: Intracranial Mass - Medulloblastoma

29. Diffuse Intrinsic Pontine Glioma: DIPG

30. Not Actin' Right: Lacunar Infarct and Pediatric Stroke

31. Hard to Wake Up: Cerebritis

32. Nothing Cute About It: Acute Flaccid Myelitis

33. Headache? Pediatric Arteriovenous Malformation

34. Can you see it? Orbital Cellulitis

35. Something in Your Eye: Periorbital Cellulitis

36. Somethin' Growin': Pediatric Arachnoid Cysts

Section 6: Pulmonary

37. Rattlin' in the Chest: Community Acquired Pneumonia in Children

38. Is That Pneumonia? Atelectasis

39. Will the Cough Ever Stop? Atypical Pneumonia

40. Of Course You Have Asthma: Persistent Wheezing

Section 7: Trauma

41. Buckle Up: Abdominal Trauma

- 42. Case: Where's the Air? Pneumothorax*
- 43. Can't Pee: Pediatric Bladder Trauma*
- 44. Heads Up!: Head Trauma*
- 45. Cruisn' For a Bruisin': Pulmonary contusion*
- 46. The Heart of the Matter: Cardiac Trauma*
- 47. Chest Pains: Pediatric Chest Trauma Imaging*
- 48. Check That Neck: Cervical Spine Imaging*
- 49. My Achin' Back: Vertebral Compression Fractures*
- 50. How'd That Happen? Non-accidental Trauma (NAT)*

Section 8: Musculoskeletal

- 51. Growing Pains: Salter-Harris Classification of Physeal Injuries*
- 52. My Fracture Is Not Humerus: Supracondylar fractures*
- 53. Elbow Grease: Lateral and Medial Condyle Fractures of the Humerus*
- 54. Rough Trip: Scapula Fracture*
- 55. Humeral Shaft Fractures: Nothing Funny About That!*
- 56. In Pieces: Clavicle Fractures*
- 57. Let's Play: Forearm fractures*
- 58. Italian Twins: Monteggia and Galeazzi Fractures*
- 59. Bones Out of Place? Wrist fractures*
- 60. Snuffbox? Scaphoid fractures*
- 61. Punchin' Out: Fifth Metacarpal (Boxer's) Fracture*
- 62. Pfunny Pfingers: Phalanx fractures (dislocations, etc)*
- 63. Can't Move Your Hips: Pelvic fractures*
- 64. All Fun and Games: Femoral fractures*

65. Knee Pain: It's Not Always the Knee – Slipped Capital Femoral Epiphysis

66. Weak in the Knees: Patellar dislocation

67. It's the Way You (Don't) Walk: Fractures of the Tibia and Fibula

68. Tough Day: Triplane Fracture

69. My Achin' Feet: Talus fracture

70. My Achn' Back! Spondylolysis/Spondylolisthesis

71. Achy Muscles: Pyomyositis/Myositis

72. 'Lil Stuffy Noses: Sinusitis

73. Who's Brodie? Brodie's abscess

74. I Feel It In My Bones: Osteomyelitis

75. More Than an Achy Back: Spinal Epidural Abscess

76. It's Tough Being a Kid: Toddler's fracture

77. Hurtn' To Stand: Discitis

78. My Knee Won't Stop Swelling! Osteosarcoma

79. Not THOSE Ewings: Ewing sarcoma

80. What Is This? Bone cyst

Section 9: ENT

81. Who Let the Dogs Out? Croup

82. All That Drools: Retropharyngeal and Peritonsillar Abscess

83. Frog In Your Throat: Supraglottic Infections and Bacterial Tracheitis
