

Section 1: Introduction

1. *Ethnicity, Race and Culture: Its Influence on Rhinoplasty*
2. *Nasal Anatomy*

Section 2: Patient Assessment

3. *The Initial Examination*
4. *Photography in Rhinoplasty*
5. *Three-Dimensional Imaging in Rhinoplasty*

Section 3: Nasal Airway Obstruction

Part I: Septoplasty

6. *Conservative/Simple Septoplasty*
7. *Advanced Septoplasty: Correction of Caudal Septal Deflection*
8. *Advanced Septoplasty: Correction of Dorsal Deflections*
9. *Advanced Septoplasty: Extracorporeal Septoplasty-Septal Reconstruction*

Part II: Turbinate Hypertrophy

10. *Medical Management of Turbinate Hypertrophy*
11. *Functional Turbinoplasty*
12. *Turbinate Reduction Techniques in Rhinoplasty*

Section 4: Graft Harvesting Techniques

13. *Septal Graft: Preparation of Crushed Cartilage*
14. *Septal Graft: Graft Harvesting Technique*
15. *Conchal Cartilage Harvest (Anterior Approach)*
16. *Conchal Cartilage Harvest (Postauricular Approach)*
17. *Technique for Harvesting Deep Temporal Fascia*
18. *Temporalis Fascia: Neck Hairline Incision*
19. *Costal Cartilage Harvest*

Section 5: The Dorsum

Part I: Overprojected Dorsum

20. *Composite Hump Resection*
21. *Component Hump Reduction With Midvault Reconstruction*
22. *Component Hump Resection With Placement of Spreader Grafts*
23. *Dorsal Hump Reduction With Simple Suturing*
24. *Dorsal Hump Excess Deformity in Compromised Internal Valve*

Part II: Nasal Radix Augmentation

25. *Nasal Radix Augmentation With Crushed Cartilage*

26. Nasal Radix Augmentation With Temporalis/Mastoid Fascia Harvested Through Postauricular Approach

27. Dorsal Nasal Augmentation With Fascia Overlying Crushed Cartilage (Sandwich Technique)

28. Internal Lateral and Medial Osteotomy

29. External Percutaneous Lateral and Transverse Osteotomies

30. Advances in Rhinoplasty-Piezoelectric Nasal Osteotomy

Section 6: Nasal Tip

Part I: Tip Refining

31. Suture Tip Rhinoplasty

32. Boxy Tip: Combination of Techniques

33. Tip Grafting

Part II: Overprotected Tip

34. Lateral Crural Overlay

35. Medial Crural Overlay

36. Dome Division

Part III: Tip Underprojection

37. Structural Reconstruction in Difficult Secondary Cases

38. Dorsum Reconstruction and Osteoplasty Using Hand Instrument

39. Lateral Crural Steal (LCS)

40. Creating Adequate Projection With Closed Rhinoplasty

Part IV: Elongation of Short Nose

41. Dynamic Adjustable Rotational Tip Tensioning Technique

42. Tongue and Groove Technique for Nose Elongation

43. Tongue-in-Groove Technique

Part V: Underrotated Tip

44. Tip Rotating in a Droopy Tip: Endonasal Approach

45. Reductive Rhinoplasty

Part VI: Cephalic Malpositioning

46. Cephalic Malpositioning: Use of Lateral Crural Strut Graft

47. Cephalic Malpositioning: Use of Alar Contouring Grafts

Section 7: Nasal Base Surgery

48. Alar Preservation Rhinoplasty

49. Correction of the Wide Nasal Base

50. Nasal Base Modification

Section 8: Preservation Rhinoplasty

51. Lateral Crural Turn-In Flap (Preservation Tip Plasty)

52. Preservation Rhinoplasty (Tip Plasty)

53. K-Area Preservation in Primary Rhinoplasty

54. Dorsal Preservation in Rhinoplasty: A Deviated Nose

Section 9: Nonsurgical Rhinoplasty

55. Fat Grafting for Rhinoplasty

56. Medical Aesthetic Rhinoplasty-Liquid Rhinoplasty

Section 10: Ethnic Rhinoplasty

57. Dorsal Augmentation Using Glued Diced Costal Cartilage With Fascial Cap in Asian Nose

58. Indo-Aryan Nose

59. The Middle Eastern Nose

60. The Persian Nose: Characteristics and Management

61. Latino Nose

62. Grecian Nose

63. Rhinoplasty in the Caucasus Nose

64. Russian Nose

65. Northern European Nose

66. The English Nose

67. African American Nose

68. Hispanic Nose

69. Brazilian Nose

70. Mixed Race Nose (Mestizo Nose)

Section 11: Complicated Rhinoplasty

71. Crooked Nose: Effective Treatment Strategies for Bony Contouring

72. Rhinoplasty in Thick-Skinned Patients

73. Rhinoplasty in Aging Nose

74. Rhinoplasty in Cleft Lip and Palate Patients

75. Simultaneous Orthognathic and Rhinoplasty Surgery

Section 12: Complications and Revision Rhinoplasty

76. Management of the Ischemic Nose

Part I: Tip Deformities

77. Alar Pinch Deformity

78. Correction of the Pinch Deformity by Alar Batten Graft

Part II: Dorsal Deformities

79. Correction of Overresection With Crushed Cartilage

80. Correcting the Overresected Nose

81. Correction of Overresection With Non-Rib Cartilage Wrapped in Fascia

82. Correction of Overresection With Diced Cartilage Injection

83. Diced Cartilage Glue Graft for Nasal Augmentation
