

SECTION 1 BASIC SCIENCE Sidawy

- 1 **Epidemiology and Research Methodology**
- 1 **Epidemiology and Research Methodology**
- 2 **Embryology and Developmental Anatomy**
- 3 **Vessel Wall Biology**
- 4 **Atherosclerosis**
- 5 **Intimal Hyperplasia**
- 6 **Ischemia-Reperfusion**
- 7 **Arteriogenesis and Angiogenesis**
- 8 **Arterial Hemodynamics**
- 9 **Venous Pathophysiology**
- 10 **Lymphatic Pathophysiology**

SECTION 2 ATHEROSCLEROTIC RISK FACTORS Sidawy

- 11 **Smoking**
- 12 **Diabetes**
- 13 **Hyperlipidemia**
- 14 **Hypertension**
- 15 **Familial Arteriosclerosis**
- 16 **Uncommon Risk Factors for Atherosclerotic Vascular Disease**
- 17 **International and Ethnic Trends in Vascular Disease**

SECTION 3 CLINICAL AND VASCULAR LABORATORY EVALUATION Perler

- 18 **Vascular Noninvasive Vascular Laboratory Quality Assurance & Accreditation**
- 19 **Clinical Evaluation of the Arterial System**
- 20 **Clinical Evaluation of the Venous and Lymphatic Systems**
- 21 **Vascular Laboratory: Arterial Physiologic Assessment**
- 22 **Vascular Laboratory: Arterial Duplex Scanning**
- 23 **Techniques to Assess Tissue Perforation in Peripheral Arterial Occlusive Disease**
- 24 **Vascular Laboratory: Venous Physiologic Assessment**
- 25 **Vascular Laboratory: Venous Duplex Scanning**

SECTION 4 Vascular Imaging Sidawy

- 26 **Radiation Safety**
- 27 **Arteriography**
- 28 **Venography**
- 29 **Computed Tomography**
- 30 **Magnetic Resonance Imaging and Arteriography**
- 31 **Vascular PET CT and Spect CT**
- 32 **Intravascular Ultrasound**
- 33 **The Future of Imaging for Open and Endovascular Interventions**

SECTION 5 PERIOPERATIVE CARE Perler

- 34 **Preoperative Evaluation and Management**
- 35 **Intraoperative Management**
- 36 **Postoperative Management**
- 37 **Hospital Readmissions in Vascular Surgery**

SECTION 6 BLEEDING AND CLOTTING Perler

- 38 **Normal Coagulation**

- 39 **Disorders of Coagulation: Hemorrhage**
- 40 **Disorders of Coagulation: Hypercoagulable States**
- 41 **Anticoagulant Therapy**
- 42 **Antiplatelet Therapy**
- 43 **Thrombolytic Therapy**
- SECTION 7 COMPLICATIONS Perler
- 44 **Systemic Complications: Cardiac**
- 45 **Systemic Complications: Respiratory**
- 46 **Systemic Complications: Renal**
- 47 **Systemic Complications: Neurologic**
- 48 **Graft Thrombosis**
- 49 **Graft Infection**
- 50 **Anastomotic Aneurysms**
- 51 **Local Complications: Aortoenteric Fistula**
- 52 **Local Endovascular Complications and Their Management**
- 53 **Venous Complications**
- 54 **Local Complications: Lymphatic**
- SECTION 8 TECHNIQUE Perler
- 55 **Thoracic and Thoracoabdominal Vascular Exposure**
- 56 **Abdominal Vascular Exposures**
- 57 **Cerebrovascular Exposure**
- 58 **Lower Extremity Arterial Exposure**
- 59 **Upper Extremity Vascular Exposure**
- 60 **Spinal Operative Exposure**
- 61 **Open Surgical Technique**
- 62 **Endovascular Diagnostic Technique**
- 63 **Endovascular Therapeutic Technique**
- 64 **Laparoscopic and Robotic Aortic Surgery**
- Section 9 Grafts and Devices Sidawy
- 65 **Autogenous Grafts (Including Vein Harvest, Surgical and Endoscopic)**
- 66 **Prosthetic Grafts (include sections on heparin-bonded and spiral grafts)**
- 67 **Biologic Grafts**
- 68 **Bioengineered Grafts**
- 69 **Non-Aortic Stents and Stent Grafts**
- 70 **Novel/Evolving Endovascular Devices**
- SECTION 10 ABDOMINAL AORTIC AND ILIAC ANEURYSMS Perler
- 71 **Arterial Aneurysms: Etiology, Epidemiology, and Natural History**
- 72 **Aortoiliac Aneurysms: Evaluation, Decision Making, and Medical Management**
- 73 **Aortoiliac Aneurysms: Open Surgical Treatment**
- 74 **Endovascular Aneurysm Repair Techniques**
- 75 **Aortoiliac Aneurysms: Endovascular Treatment**
- 76 **Ruptured Aortoiliac Aneurysms and Their Management**
- 77 **Isolated Iliac Artery Aneurysms and Their Management**
- SECTION 11 THORACIC AND THORACO-ABDOMINAL AORIC ANEURYSMS AND DISSECTIONS Perler

- 78 Thoracic and Thoracoabdominal Aortic Aneurysms: Etiology, Epidemiology, Natural History, Medical Management, and Decision Making**
- 79 Thoracic and Thoracoabdominal Aneurysms: Open Surgical Treatment**
- 80 Thoracic Aortic Aneurysms: Endovascular Treatment**
- 81 Thoracoabdominal and Aortic Arch Aneurysms: Aortic Stent Grafts and Endovascular Strategies of Repair**
- 82 Fenestrated and Branched Endograft Treatment of Juxtarenal, Paravisceral, Thoracoabdominal, and Aortic Arch Aneurysms**
- 83 Aortic Dissection: Epidemiology, Pathophysiology, Clinical Presentation, and Medical and Surgical Management**
- 84 Penetrating Aortic Ulcers**
- SECTION 12 Peripheral and Splanchnic Aneurysms Sidawy
- 85 Lower Extremity Aneurysms**
- 86 Upper Extremity Aneurysms**
- 87 Aneurysms of the Splanchnic Arteries and their Branches**
- SECTION 13 CEREBROVASCULAR DISEASES Perler
- 88 Cerebrovascular Disease: Epidemiology and Natural History**
- 89 Cerebrovascular Disease: The Unstable Carotid Plaque**
- 90 Carotid Artery Disease and Cognitive and Functional Decline**
- 91 Cerebrovascular Disease: Diagnostic Evaluation**
- 92 Cerebrovascular Disease: Decision Making Including Medical Therapy**
- 93 Carotid Endarterectomy**
- 94 Carotid Artery Stenting**
- 95 Management of acute stroke (to include hospital based comprehensive stroke programs)**
- 96 Cerebrovascular Disease: Carotid Artery Dissection**
- 97 Carotid Artery Aneurysms**
- 98 Carotid Body Tumors**
- 99 Unusual Carotid Artery Conditions**
- 100 Vertebral Artery Dissection and Other Conditions**
- 101 Brachiocephalic Artery Disease: Surgical Treatment**
- 102 Brachiocephalic Artery Disease: Endovascular Management**
- SECTION 14 Acute Limb Ischemia Sidawy
- 103 Acute Limb Ischemia: Evaluation, Decision Making and Medical Treatment**
- 104 Acute Limb Ischemia: Surgical and Endovascular Treatment**
- 105 Compartment Syndrome and its Management**
- 106 Atheromatous Embolization and Its Management**
- SECTION 15 Lower Extremity Chronic Arterial Disease Sidawy
- 107 Lower Extremity Arterial Occlusive Disease: Epidemiology and Natural History**
- 108 Lower Extremity Arterial Disease: Decision Making and Medical Treatment**
- 109 Aortoiliac Disease: Open Anatomic Reconstruction**
- 110 Aortoiliac Disease: Open Extra-Anatomic Bypass**
- 111 Aortoiliac Disease: Endovascular Treatment**
- 112 Infrainguinal Disease: Surgical Treatment**
- 113 Infrainguinal Disease: Endovascular Therapy**

- 114 Lower Extremity Amputations: Epidemiology, Procedure Selection and Rehabilitation Outcomes**
- 115 Lower Extremity Amputations: Operative Techniques and Results**
SECTION 16 Diabetic Foot and Its Management Sidawy
- 116 General Considerations in Diabetic Foot**
- 117 Diabetic Foot Abnormalities and Their Management**
- 118 Wound Care**
- 119 Podiatric Care of the Diabetic Foot**
SECTION 17 Upper Extremity Arterial Disease
- 120 Upper Extremity Arterial Disease: Epidemiology, Etiology, and Diagnostic Evaluation**
- 121 Upper Extremity Arterial Disease: Medical Endovascular Open Surgical Management**
- 122 Amputation of Upper Extremity**
SECTION 18 THORACIC OUTLET SYNDROME Perler
- 123 Thoracic Outlet Syndrome: Pathophysiology and Diagnostic Evaluation**
- 124 Thoracic Outlet Syndrome: Neurogenic**
- 125 Thoracic Outlet Syndrome: Arterial**
- 126 Thoracic Outlet Syndrome: Venous**
SECTION 19 RENOVASCULAR DISEASE Perler
- 127 Renovascular Disease: Pathophysiology, Epidemiology, Clinical Presentation, and Medical Management**
- 128 Renovascular Disease: Open Surgical Treatment**
- 129 Renovascular Disease: Endovascular Treatment**
- 130 Renovascular Disease: Acute Occlusive and Ischemic Events**
- 131 Renovascular Disease: Aneurysms and Arteriovenous Fistulae**
- 132 Renovascular and Aortic Developmental Disorders**
SECTION 20 MESENTERIC VASCULAR DISEASE
- 133 Acute Mesenteric Ischemia: Epidemiology, Pathophysiology, Clinical Evaluation, and Management**
- 134 Chronic Mesenteric Ischemia: Epidemiology, Pathophysiology, Clinical Evaluation, and Management**
- 135 Mesenteric Arterial Dissection**
- 136 Median Arcuate Ligament Syndrome: Pathophysiology, Diagnosis, and Management**
- 137 Mesenteric Venous Thrombosis**
SECTION 21 Nonatherosclerotic Arterial Diseases
- 138 Vasculitis and Other Ateriopathies**
- 139 Thromboangitis Obliterans**
- 140 Takayasu's Arteritis**
- 141 Arterial Disease in Patients with Connective Tissue Disorders**
- 142 Raynaud's Phenomenon**
- 143 Fibromuscular Disease**
- 144 Non-Atherosclerotic Popliteal Artery Diseases**
- 145 Infected Arterial Aneurysms**
SECTION 22 ACUTE VENOUS THROMBOEMBOLIC DISEASE

- 146 **Acute Deep Venous Thrombosis: Epidemiology and Natural History**
- 147 **Venous Thromboembolic Disease: Mechanical and Pharmacologic Prophylaxis**
- 148 **Acute Lower Extremity Deep Venous Thrombosis: Presentation, Diagnosis, and Medical Treatment**
- 149 **Medical Treatment**
- 149 **Acute Lower Extremity Deep Venous Thrombosis: Surgical and Interventional Treatment**
- 150 **Treatment**
- 150 **Acute Upper Extremity and Catheter-Related Venous Thrombosis**
- 151 **Superficial Thrombophlebitis and Its Management**
- 152 **Pulmonary Embolism: Presentation, Natural History, and Treatment**
- 153 **Vena Cava Interruption**
- 154 **Venous Gangrene**
- 154 **Varicose Veins: Surgical Treatment**
- SECTION 23 **Chronic Venous Disorders**
- 155 **Varicose Veins: Endovenous Ablation and Sclerotherapy**
- 156 **Chronic Venous Disorders: Post-Phlebotic Syndrome, Natural History, athophysiology and Etiology**
- 157 **Chronic Venous Disorders: Nonoperative Treatment**
- 158 **Chronic Venous Insufficiency: Treatment of Perforator Vein Incompetence**
- 159 **Chronic Venous Insufficiency: Deep Venous Valve Reconstruction**
- 160 **Iliocaval Venous Obstruction: Surgical Treatment: Surgical Treatment**
- 161 **Iliocaval Venous Obstruction: Endovascular Treatment**
- 162 **Superior Vena Cava Occlusion and its Management**
- SECTION 24 **Miscellaneous Venous Conditions**
- 163 **Congenital Occlusion/Absence of Inferior Vena Cava**
- 164 **Portal Hypertension**
- 165 **Nutcracker Syndrome**
- 166 **Venous Aneurysms and Their Management**
- 167 **Evaluation and Decision Making**
- 168 **Lymphedema: Nonoperative Treatment**
- 169 **Lymphedema: Surgical Treatment**
- SECTION 25 **Lymphedema Sidawy**
- 170 **Congenital Vascular Malformations: Gen Considerations**
- SECTION 26 **Vascular Malformations**
- 171 **Congenital Vascular Malformations: Surgical Management**
- 172 **Congenital Vascular Malformations: Endovascular Management**
- 173 **Acquired Arteriovenous Fistulae**
- 174 **General Considerations and Strategies to Optimize Access Placement**
- SECTION 27 **Hemodialysis Access Sidawy**
- 175 **Placement of Complex Hemodialysis Accesses**
- 176 **Placement of Hemodialysis Catheters**
- 177 **Hemodialysis Access: Failing and Thrombosed**
- 178 **Hemodialysis Access: Nonthrombotic Complications**
- 179 **Epidemiology and Natural History of Vascular Trauma**

	<i>SECTION 28 Vascular Trauma Sidawy</i>
180	<i>Vascular Trauma of the Head and Neck</i>
181	<i>Thoracic Vascular Trauma</i>
182	<i>Abdominal Vascular Trauma</i>
183	<i>Extremity Vascular Trauma</i>
184	<i>Conditions Arising from Repetitive Trauma and Occupational Vascular Problems</i>
185	<i>Special Techniques in Handling Vessels in the Pediatric Population</i>
	<i>SECTION 29 Special Issues in Pediatric Vascular Surgery Sidawy (Gilbert Upchurch)</i>
186	<i>Arterial Aneurysms in the Pediatric Population</i>
187	<i>Vascular Tumors in the Pediatric Population</i>
188	<i>Vascular Trauma in the Pediatric Population</i>
189	<i>Placement of AV Dialysis Accesses and Central Catheters in the Pediatric Patient</i>
190	<i>Acute Vascular Occlusion</i>
191	<i>Erectile Dysfunction</i>
	<i>SECTION 30 MISCELLANEOUS CONDITIONS</i>
192	<i>Complex Regional Pain Syndrome</i>
193	<i>Current Role of Sympathectomy (Upper and Lower)</i>
194	<i>Vascular Tumors and Their Management</i>
195	<i>Vascular Reconstruction in Oncologic Surgery</i>
196	<i>Chronic Exertional Compartment Syndrome</i>
197	<i>Development of a Multispecialty Practice and Operation of Multispecialty Cardiovascular Centers</i>
	<i>SECTION 31 BUSINESS OF VASCULAR SURGERY</i>
198	<i>Development and Successful Operation of Office Based Labs and Ambulatory Surgery Centers</i>
199	<i>Development and Operation of Outpatient Dialysis Centers</i>
200	<i>Alternative Payment Models in Vascular Surgery</i>
201	<i>Improving Quality and Value of a Vascular Registry toof the Practice</i>
202	<i>Health and Wellness for the vascular surgeon</i>
	<i>SECTION 32 THE USE OF TECHNOLOGY PLATFORMS AND SOCIAL MEDIA IN VASCULAR SURGERY</i>
203	<i>Online Branding and Marketing a Vascular Surgery Practice</i>
204	<i>Health and Wellness for the vascular surgeon</i>
204	<i>Telemedicine in Vascular Surgery Practice</i>
205	<i>Internet-based surveillance of vascular disease and reconstructions</i>
206	<i>Social Media in Vascular Surgery Practice</i>
207	<i>The quality and fidelity of vascular information on the internet1</i>
