- 31 *Tuboplasty*
- 32 *Tubal Sterilization*
- 33 *Anatomy and Surgical Exposure of the Retropubic Space*

*34 Retropubic Urethropexy for Stress Incontinence and Retropubic Paravaginal Repair*

*35 Anatomy of the Retroperitoneum and the Presacral Space*

*36 Identifying and Avoiding Ureteral Injury*

*37 Presacral Neurectomy*

*38 Uterosacral Nerve Transection*

*39 Lymph Node Sampling*

*40 Native Tissue Suture Repair of Vaginal Vault Prolapse: Laparoscopic Approaches*

*41 Abdominal Sacral Colpopexy and Colpohysteropexy*

*42 Anatomy of the Cervix*

*43 Colposcopy of the Cervix*

*44 Conization of the Cervix*

*45 Cervical Polypectomy*

*46 Relief of Cervical Stenosis*

*47 Cervical Cerclage*

*48 Cervical Stump Excision (Trachelectomy)*

*49 Anatomy of the Vagina*

*50 Anatomy of the Support of the Anterior and Posterior Vaginal Walls*

*51 Vaginal Hysterectomy*

*52 Native Tissue Vaginal Repair of Cystocele Enterocoele*

*53 Vaginal Native Tissue Suture Repair of Vaginal Vault Prolapse*

*54 Obliterative Procedures for the Correction of Pelvic Organ Prolapse*

*55 Synthetic Midurethral Slings for the Correction of Stress Incontinence*

*56 Avoiding and Managing Synthetic Mesh Complications After Surgeries for Urinary Incontinence and Pelvic Organ Prolapse*

*57 Pubovaginal Slings for the Correction of Stress Incontinence*

*58 Benign Lesions of the Vaginal Wall*

*59 Congenital Vaginal Abnormalities*

*60 Iatrogenic Vaginal Constriction*

*61 Vaginectomy*

*62 Vulvar and Perineal Anatomy*

*63 Atlas of Vulvar Disorders*

*64 Bartholin Duct Cyst and Abscess*

*65 Surgery for Vulvar Vestibulitis Syndrome (Vulvodynia)*

66 *Wide Excision With or Without Skin Graft*

67 *Laser Excision and Vaporization*

68 *Anatomy of the Groin and Femoral Triangle*

69 *Vulvectomy*

70 *Radical Vulvectomy With Tunnel Groin Dissection*

71 *Vulvar Hematoma*

72 *Correction of Clitoral Phimosis*

73 *Hymenotomy (Hymenectomy)*

74 *Plastic Repair of the Perineum (Perineorrhaphy)*

75 *Benign Lesions of the Groin and the Canal of Nuck*

76 *Surgery for Other Benign Lesions of the Vulva*

77 *Therapeutic Injection*

78 *Episiotomy*

79 *Anatomy of the Urethra*

80 *Surgical Repair of Urethral Prolapse*

81 *Repair of Urethrovaginal Fistula*

82 *Repair of Suburethral Diverticulum*

83 *Martius Fat Pad Transposition and Urethral Reconstruction*

84 *Surgical Anatomy of the Bladder and Pelvic Ureter*

85 *Suprapubic Catheter Placement*

86 *Repair of Advertent and Inadvertent Cystotomy*

87 *Abdominal Repair of Vesicovaginal and Vesicouterine Fistula*

88 *Vaginal Repair of Vesicovaginal Fistula*

89 *Managing Ureteral Injury During Pelvic Surgery*

90 *Surgical Management of Refractory Overactive Bladder and Detrusor Compliance Abnormalities*

91 *Intestinal Surgery*

92 *Small Bowel Repair/Resection*

93 *Closure of a Simple Transmural Injury to the Small Intestine*

94 *Meckel's Diverticulum*

95 *Appendectomy*

96 *Colon Repair/Colostomy Creation*

97 *Repair of Primary and Recurrent Rectovaginal Fistula*

- 98 Anal Sphincter Repair and Perineal Reconstruction*
- 99 Transperineal Repair of Rectal Prolapse*
- 100 Surgery for Labial Hypertrophy*
- 101 Vaginoplasty Energy Sources in the Vaginal Canal and on the Skin of the Vulva*
