

1. *Examination of the Placenta*

*Rebecca N. Baergen*

2. *Macroscopic Features of the Delivered Placenta*

*Rebecca N. Baergen*

3. *Microscopic Survey*

*Graham J. Burton*

4. *Placental Types*

*Graham J. Burton*

5. *Early Development of the Human Placenta*

*Graham J. Burton, Eric Jauniaux*

6. *Basic Structure of a Placental Villus*

*Graham J. Burton*

7. *Architecture of the Villous Trees*

*Graham J. Burton*

8. *The Placental Bed*

*Ashley Moffett, Graham J. Burton*

9. *The Placental Circulations*

*D. Stephen Charnock-Jones, Eric Jauniaux, Graham J. Burton*

10. *The Chorionic and Basal Plates*

*Graham J. Burton, Eric Jauniaux*

11. *Approach to Histologic Examination of the Placenta*

*Cynthia G. Kaplan, Rebecca N. Baergen*

12. *Abortion and Chromosomal Anomalies*

*Adrian Charles, T. Yee Khong*

13. *Extrauterine Implantation and Involution of Implantation Site*

*T. Yee Khong, Adrian Charles*

14. *The Placenta Accreta Spectrum*

*Debra S. Heller*

15. *Anatomy and Pathology of the Placental Membranes*

*Marta C. Cohen, Irene Scheimberg, J. Ciaran Hutchinson*

*16. Anatomy and Pathology of the Umbilical Cord*

*Cynthia G. Kaplan*

*17. Placental Shape Aberrations*

*Rebecca N. Baergen, Cathleen Matrai*

*18. Multiple Pregnancies*

*Joanna Sue Yee Chan*

*19. Maternal Vascular Malperfusion and Associated Maternal Diseases*

*Jane Esther Dahlstrom, Akila Subramaniam, Ona Marie Faye-Petersen*
