

*I. Fundamentals for Complication Management*

*Front Matter*

*1. Basics*

*Ulrich Spandau, Gabor B. Scharioth*

*2. Essential Surgical Techniques for Complication Management*

*Ulrich Spandau, Gabor B. Scharioth*

*3. Planning for Surgical Complications*

*Ulrich Spandau, Gabor B. Scharioth*

*II. Easy and Difficult Phacoemulsification*

*Front Matter*

*1. Phacoemulsification of an Easy Cataract*

*Ulrich Spandau, Gabor B. Scharioth*

*2. Phacoemulsification of a Difficult Cataract*

*Ulrich Spandau, Gabor B. Scharioth*

*III. Complication Management with Trocar Cannulas*

*Front Matter*

*1. Anterior Vitrectomy and Other Surgeries with Trocars from Pars Plana*

*Ulrich Spandau, Gabor B. Scharioth*

*2. How to Approach a Surgical Complication*

*Ulrich Spandau, Gabor B. Scharioth*

*3. Posterior Capsular Rupture*

*Ulrich Spandau, Gabor B. Scharioth*

*4. Surgical Management of Subluxated IOL from Pars Plana*

*Ulrich Spandau, Gabor B. Scharioth*

*5. Surgical Management of Dislocated Cortical Fragments*

*Ulrich Spandau, Gabor B. Scharioth*

*6. Surgical Management of Posterior Capsular Opacification from Pars Plana*

*Ulrich Spandau, Gabor B. Scharioth*

*7. Surgical Management of Positive Vitreous Pressure (PVP) During Cataract Surgery*

*Ulrich Spandau, Gabor B. Scharioth*

*IV. Surgical Techniques for Advanced Complication Management*

*Front Matter*

*1. Small Incision Cataract Surgery (SICS = Modified ECCE)*

*Ulrich Spandau, Gabor B. Scharioth*

*2. Surgical Management of Zonular Lysis*

*Ulrich Spandau, Gabor B. Scharioth*

*V. IOL Extraction Techniques, Iris Capture and Capsular Phimosis*

*Front Matter*
