

Part 1: Introduction

1. *Optimization for Total Hip Arthroplasty and Total Knee Arthroplasty*
2. *Managing Medical Complications Following Total Joint Arthroplasty*
3. *Pain Management Following Total Hip Arthroplasty and Total Knee Arthroplasty*
4. *Avoiding Complications With Outpatient Total Hip and Knee Arthroplasty*

Part 2: Knee

5. *Complications and Outcomes of Nonoperative Treatment Modalities in Knee Osteoarthritis*
6. *Preoperative Planning for Total Knee Arthroplasty*
7. *Gaining Surgical Exposure in Total Knee Arthroplasty,*
8. *Achieving Balance and Stability During a Total Knee Arthroplasty*
9. *Ligamentous Injury in Total Knee Arthroplasty*
10. *Neurovascular Injury in Total Knee Arthroplasty*
11. *Periprosthetic Knee Fractures*
12. *Unicompartmental Knee Arthroplasty*
13. *Patellofemoral Arthroplasty*
14. *Marlex Mesh Reconstruction of Extensor Mechanism Disruption in Total Knee Arthroplasty*
15. *Painful Total Knee Arthroplasty Workup*

Part 3: Hip

16. *Preoperative Planning for Total Hip Arthroplasty*
17. *Complications of Exposures for Total Hip Arthroplasty*
18. *Component Positioning and Stable Fixation in Total Hip Arthroplasty*
19. *Total Hip Arthroplasty Instability*
20. *Neurovascular Injury in Total Hip Arthroplasty*
21. *Intraoperative Periprosthetic Fracture During Total Hip Arthroplasty*
22. *Troubleshooting the Direct Anterior Approach*
23. *Postoperative Periprosthetic Fractures in Total Hip Arthroplasty*
24. *Workup of the Painful Total Hip Arthroplasty*
25. *Hip Preservation—Complications of Periacetabular Osteotomy*

Part 4: Hip and Knee Periprosthetic Joint Infections

26. *Diagnosis and Definitions of Periprosthetic Joint Infections*
27. *Management of Acute Periprosthetic Joint Infections*

28. Management of Chronic Periprosthetic Joint Infection

29. Antibiotics and Cement

30. Antibiotic Spacer Techniques in Hip and Knee
