Preface xix

PART I

Principles of Assessment and Evaluation

1 Clinical Evaluation 1

*John A. Freeman, Sally B. Alcott, Armen G. Derian, and
Christopher H. Bailey*

2 Assessment of Human Muscle Function 49

Walter R. Frontera and Jan Lexell

3 Electrodiagnostic Evaluation of the

Peripheral Nervous System 66

Lawrence R. Robinson

4 Human Walking 94

*Thiru M. Annaswamy, Nicholas P. Fey, Didem Inanoglu,
and Gargi D. Raval*

5 Imaging Techniques 110

Edgar Colón Negron and Luis R. Burgos-Anaya

6 Diagnostic Ultrasound 176

*Yi-Pin Chiang, Wen-Chung Tsai, Tyng-Guey Wang,
and Henry L. Lew*

*7 Functional Evaluation and Management of
Self-Care and Other Activities of Daily Living 185*

Carolyn M. Baum, Timothy J. Wolf, and Samuel Talisman

8 Disability Determination in Relation to Work 198

Russell Gelfman

*9 The International Classification of Functioning,
Disability, and Health 208*

Gerold Stucki, Jerome Bickenbach, Melissa Selb, and John L. Melvin

*10 Systematically Assessing and Improving
the Quality of Physical Medicine and
Rehabilitation 227*

James E. Graham, Steve R. Fisher, and Kenneth J. Ottenbacher

11 Epidemiology of Disability in the United States and Internationally: Implications for Policy and Practice 240

Stephen P. Gulley, Elizabeth K. Rasch, Abraham J. Behnam, and Leighton Chan

PART II

The Rehabilitation Team: Systems-Based Practice

12 Psychological Aspects of Rehabilitation 257

Daniel E. Rohe and Thida Han

13 Speech, Language, Swallowing, and Auditory Rehabilitation 280

Marlís González Fernández, Rachel W. Mulheren, Joseph P. Pillion, Rajani Sebastian, and Donna C. Tippett

14 Vocational Rehabilitation, Independent Living, and Consumerism 305

Debra B. Homa and David A. DeLambo

15 Important to Measure Aspects of Participation and Environmental Factors in Medical Rehabilitation 319

Danbi Lee and Allen W. Heinemann

16 Ethical Issues in Rehabilitation Medicine 331

Janet F. Haas

17 International Aspects of the Practice of Physical Medicine and Rehabilitation 343

Francesca Gimigliano, Jorge Laíns, and Leonard S.W. Li

PART III

Major Conditions: Neuromuscular

18 Stroke Rehabilitation 355

Joel Stein

19 Traumatic Brain Injury 376

*Steven R. Flanagan, Brian S. Im, Heidi N. Fusco, Prin Amorapanth,
and Erika L. Trovato*

20 Multiple Sclerosis 414

Francois A. Bethoux and Mary Alissa Willis

21 Comprehensive Rehabilitation of Parkinson

Disease and Movement Disorders 429

Vu Q. C. Nguyen, Mark A. Hirsch, and Nicole F. Rup

22 Rehabilitation of Spinal Cord Injury 449

Ronald K. Reeves, Morgan Brubaker, and Steven Craig Kirshblum

23 Motor Neuron Disease 501

*Nanette C. Joyce, Dorothy Weiss Tolchin, Ileana Michelle Howard,
and Sabrina Paganoni*

24 Peripheral Neuropathy 520

Mark A. Thomas and Stephanie Rand

25 Myopathy 534

Jay J. Han

PART IV

Major Conditions: Musculoskeletal

26 Disorders of the Cervical Spine 555

*Matthew T. Santa Barbara and Gwendolyn Sowa 27 Rehabilitation of Lumbar
Spine Disorders: An*

Evidence-Based Clinical Practice Approach 575

Stefano Negrini, Fabio Zaina, Michele Romano, and Carlo Trevisan

28 Idiopathic Scoliosis 616

*Stefano Negrini, Sabrina Donzelli, Alessandra Negrini,
Michele Romano, and Fabio Zaina*

29 Disorders of the Upper Limbs 629

Nitin B. Jain, Chan Gao, and Brian Richardson

30 Disorders of the Lower Limbs 647

Stephen C. Johnson, Adrielle L. Fry, Eric T. Chen, and Melinda S. Loveless

*31 The Prevention, Treatment, and Rehabilitation
of Osteoporosis 684*

Pamela Hansen and Rebecca Wilson Zingg

32 Rheumatic Diseases 717

Ramona Raya, Galen O. Joe, and Lynn H. Gerber

PART V

Major Conditions: General Rehabilitation

33 Cardiac Rehabilitation 767

Carmen M. Terzic and Jose R. Medina-Inojosa

34 Rehabilitation of the Patient with Respiratory

Dysfunction 785

Matthew N. Bartels and John R. Bach

35 Burns 799

Jeffrey C. Schneider and Sara E. Cartwright

36 Rehabilitation for Patients with Cancer Diagnoses 820

Julie K. Silver, Vishwa S. Raj, Sasha E. Knowlton,

Lisa Marie Ruppert, and Diana M. Molinares

37 Amputations and Vascular Diseases 847

Karen L. Andrews, Mary E. Matsumoto, Matthew T. Houdek, and

Melissa J. Neisen

PART VI

Secondary Conditions and Complications

38 Physical Inactivity: Physiologic Impairments and

Related Clinical Conditions 873

Patrick Kortebein

39 Chronic Pain 891

Andrea Dompieri Furlan, Nimish Mittal, Dinesh Kumbhare,

Mario Giraldo-Prieto, and Angela Mailis-Gagnon

40 Spasticity 926

Amanda L. Harrington, Michael A. Kryger, and Jessica B. Berry

PART VII

Special Populations

41 Sports Medicine 941

William Micheo, Gerardo Miranda-Comas, Luis Baerga-Varela,

and Gerard A. Malanga

42 Paralympic Sports 963

Yetsa A. Tuakli-Wosornu, Anne L. Hart,

Cheri A. Blauwet, and Jan Lexell

43 Physical Activity for People with Disabilities 982

Byron W. Lai and James H. Rimmer

44 Performing Arts Medicine 1001

Sonya Rissmiller, Lauren A. Chambers, and Katie Weatherhogg

45 Rehabilitation of Children with Disabilities

and Adults with Childhood-Onset Disabling

Conditions 1014

Tobias J. Tsai and Kelly L. D. Pham

46 Health for Women with Disabilities 1036

Amie Brown (Jackson) McLain and Marcalee S. Alexander

47 Geriatric Rehabilitation 1054

Ian D. Cameron, Susan Kurrle, and Patrick Kortebein

48 The Role of PM&R in Disaster Relief 1089

Andrew J. Haig and Josh Verson

PART VIII

Management Methods

49 Exercise 1101

Frank E. Lorch, Lee Stoner, Jesse A. Lieberman, Alicia H. Lazeski,

and Michael Masi

50 Aquatic Rehabilitation 1144

Bruce E. Becker

51 The Physical Agents 1163

Jeffrey R. Basford and G. David Baxter

52 Pharmacotherapy of Disability 1179

Todd P. Stitik, Vivian P. Shah, Harmeet S. Dhani, Nourma Sajid,

Shruti Amin, and Patrick J. Bachoura

53 Joint and Spinal Injection Procedures 1220

Lisa Huynh, Zachary L. McCormick, and David J. Kennedy

54 Electrical Stimulation (Therapeutic and Functional) 1246

Jayme S. Knutson, Steven W. Brose, Ela B. Plow, Richard D. Wilson, and John Chae

55 Assistive Technology 1264

Cathy Bodine

56 Upper and Lower Limb Prosthetics 1282

Heikki Uustal

57 Orthotics for the Lower and Upper

Limb and Spine 1308

Alberto Esquenazi

58 Wheelchairs 1326

Lynn A. Worobey, Stephanie K. Rigot, and Michael L. Boninger

59 Integrative Medicine in PM&R 1346

Marni G. Hillinger, Megan M. Sweeney, Lindsey C. McKernan,

Kathryn Ann Hansen, and Melinda R. Ring PART IX

Scientific Advances

60 Evidence-Based Practice in Rehabilitation

(Including Clinical Trials) 1363

Mary D. Slavin and Alan M. Jette

61 Neural Repair and Plasticity 1379

Randolph J. Nudo

62 Rehabilitation Robotics 1394

Shuo-Hsiu (James) Chang, Jennifer L. Sullivan, Zahra Kadivar,

Marcia K. O'Malley, and Gerard E. Francisco

Index 1409
