

## *I. Basic Concepts in HF*

### *1. Definitions and Clinical Diagnosis of Heart Failure*

*Katerina K. Naka, MD PhD and Aris Bechlioulis, MD PhD*

### *2. Epidemiology of Heart Failure*

*Lampros Papadimitriou, MD PhD, Prabhjot Grewal, MD and Andreas Kalogeropoulos, MD MPH PhD*

### *3. Pathophysiology of Heart Failure with Reduced Ejection Fraction*

*Jacob Cao, MD, John O'Sullivan, MD PhD and Sean Lal, MD PhD*

### *4. The Pathophysiology of Heart Failure with Preserved Ejection Fraction*

*Vishal N. Rao, MD MPH and Kishan S. Parikh, MD*

### *5. Principles of Heart Failure Pharmacotherapy*

*Erika L. Hellenbart, PharmD BCPS, Stephanie M. Dwyer, PharmD BCCP and Robert J. DiDomenico, PharmD BCPS-AQ Cardiology*

### *6. Implantable Device Therapy in Heart Failure*

*Maxwell Eyrarn Afari, MD and Lana Tsao, MD*

## ***II. Acute Decompensated Heart Failure***

### *7. Pathophysiology and Clinical Evaluation of The Patient with Acute Heart Failure*

*George Bakosis, MD MS, Vasiliki Bistola, MD, Eftyhia Polyzogopoulou, MD PhD and John Parissis, MD PhD*

### *8. Therapeutic Approaches in Acute HF*

*Getu Teressa, MD PhD, Rachel A. Bright, BS and Andreas P. Kalogeropoulos, MD MPH PhD*

### *9. Advanced Therapeutic Options in Acute HF*

*Tiffany Dong, MD, Aditi Nayak, MD and Alanna Morris MD, MSc*

## ***III. Managing Chronic Heart Failure***

### *10. Outpatient Management of Stable Heart Failure with Reduced Ejection Fraction*

*Leah Reid MD, Jonathan Murrow MD, Kent Nilsson MD and Catherine Marti MD MSc*

### *11. Exercise and Rehabilitation in HF*

*Audrey Borghi-Silva, PhD PT, Flávia Rossi Caruso. PhD PT and Renata Gonçalves Mendes, PhD PT*

### *12. The Patient with Ischemic Heart Failure*

*Konstantinos Aznaouridis, MD PhD, Constantina Masoura, MD PhD and Charalambos Vlachopoulos, MD PhD*

*13. The Non-Ischemic HF Patient*

*Maria – Anna Bazmpani, MD PhD and Theodoros D. Karamitsos, MD PhD*

*14. Valvular Heart Disease and Heart Failure*

*Kali Polytarchou, MD and Constantina Aggeli, MD PhD*

*15. The Management of Patients with Heart Failure with Preserved Ejection Fraction (HFpEF)*

*Jodie L. Kenes, MD, Richard B. Stacey, MD and Bharathi Upadhyia, MD*

*16. Heart Failure with Recovered Ejection Fraction (HFrecEF) and Heart Failure with Midrange Ejection Fraction (HFmrEF)*

*Amil M. Shah, MD MPH and Jenine E. John, MD*

*17. The Advanced HF Patient*

*Eran Kalmanovich, MD, Philippe Gaudard, MD and François Roubille, MD*

*18. Palliative Care and Advanced Directives in Heart Failure*

*Melissa Owen, PhD, RN, FHFSA, CNE and Debbie A. Gunter RN, MN, FNP-BC, ACHPN*

***IV. Managing cardiovascular comorbidities in heart failure***

*19. Management of Hypertension in Heart Failure*

*Jesse Kane, MD, Clive Goulbourne, MD and Hal. A. Skopicki, MD PhD*

*20. Management of Atrial Fibrillation in Patients with Heart Failure*

*Panagiotis Korantzopoulos, MD PhD and Aris Bechlioulis, MD PhD*

*21. Ventricular Arrhythmias in Heart Failure*

*Antonis S. Manolis, MD PhD, Antonis A. Manolis, DPT, MS and Theodora A. Manolis, MD*

***V. Noncardiac Comorbidities and HF***

*22. The Management of Patients with Heart Failure and Diabetes*

*Tiffany Dong, MD and Salim S. Hayek, MD*

*23. The Patient with Renal Dysfunction*

*Alexandros Briasoulis, MD PhD, Kristine Yumul, MD and Paulino Alvarez, MD*

*24. The Patient with Anemia and Iron Deficiency*

*Haye H. van der Wal, MD and Peter van der Meer, MD, PhD*

*25. Management of Neurologic and Psychiatric Illness in the Patient with Heart Failure*

*Gregory Kalaitzidis, MD and Evangelos Pavlos Myserlis, MD*

**VI. The Patient with Right Heart Disease**

*26. Pulmonary Hypertension and Right Ventricular Failure from Left Heart Disease*

*Anjan Tibrewala, MD and Jonathan D. Rich, MD*

*27. The Patient with Non-Group 2 Pulmonary Hypertension*

*Sophia Anastasia Mouratoglou, MD MSc PhD and George Giannakoulas, MD PhD*

**VII. Special Cases of HF**

*28. Heart Failure in Adult Congenital Heart Disease*

*Andrew Constantine, MD, Ana Barradas-Pires, MD MSc, Isma Rafiq, MD, Justyna*

*Rybicka, MD, Michael A Gatzoulis, MD and Konstantinos Dimopoulos, MD*

*29. Cancer Therapies and Cardiac Dysfunction*

*Victoria Schuster, MD MS, Katherine Godfrey, BA and Michelle E. Bloom, MD*

*30. Peripartum Cardiomyopathy and Heart Failure in Pregnancy*

*Anita Saraf, MD PhD and Fred H. Rodriguez III, MD*

*31. Dilated Cardiomyopathy*

*Marco Merlo, MD, Alessia Paldino, MD, Giulia De Angelis., MD and Gianfranco Sinagra,  
MD*

*32. Stress Cardiomyopathy (Takotsubo Syndrome)*

*Marco Giuseppe Del Buono, MD, Juan Guido Chiabrando, MD, VCU Pauley Heart  
Center, Krishna Ravindra, MD and Antonio Abbate, MD*

*33. Hypertrophic Cardiomyopathy*

*Ahmad Masri, MD MS and Stephen B. Heitner, MD*

*34. Myocarditis*

*George Lazaros, MD PhD, Emilia Lazarou, MD and Dimitris Tousoulis, MDPHD*

*35. Infiltrative Diseases: Amyloid*

*Melissa Lyle, MD and Kunal Bhatt, MD*

*36. Infiltrative Cardiomyopathies: Fabry Disease and Iron-overload Cardiomyopathy*

*Arthur Qi, BSc, Quynh Nguyen, BSc, Haran Yogasundaram, MD and Gavin Y. Oudit, MD  
PhD*
