

<i>Preface and Acknowledgments</i>	<i>vii</i>
<i>1 General Principles of Neurologic Localization</i>	<i>1</i>
<i>2 Peripheral Nerves</i>	<i>31</i>
<i>3 Cervical, Brachial, and Lumbosacral Plexuses</i>	<i>83</i>
<i>4 Spinal Nerve and Root</i>	<i>101</i>
<i>5 Spinal Cord</i>	<i>111</i>
<i>6 Cranial Nerve I (The Olfactory Nerve)</i>	<i>141</i>
<i>7 Visual Pathways</i>	<i>151</i>
<i>8 The Localization of Lesions Affecting the Ocular Motor System</i>	<i>197</i>
<i>9 Cranial Nerve V (The Trigeminal Nerve)</i>	<i>353</i>
<i>10 Cranial Nerve VII (The Facial Nerve)</i>	<i>369</i>
<i>11 Cranial Nerve VIII (The Vestibulocochlear Nerve)</i>	<i>391</i>
<i>12 Cranial Nerves IX and X (The Glossopharyngeal and Vagus Nerves)</i>	<i>411</i>
<i>13 Cranial Nerve XI (The Spinal Accessory Nerve)</i>	<i>419</i>
<i>14 Cranial Nerve XII (The Hypoglossal Nerve)</i>	<i>429</i>
<i>15 Brainstem</i>	<i>439</i>
<i>16 The Cerebellum</i>	<i>461</i>
<i>17 The Localization of Lesions Affecting the Hypothalamus and Pituitary Gland</i>	<i>479</i>
<i>18 The Anatomic Localization of Lesions in the Thalamus</i>	<i>501</i>
<i>19 Basal Ganglia</i>	<i>529</i>
<i>20 The Localization of Lesions Affecting the Cerebral Cortex</i>	<i>569</i>
<i>21 Localization of Lesions in the Autonomic Nervous System</i>	<i>641</i>
<i>22 Vascular Syndromes of the Forebrain, Brainstem, and Cerebellum</i>	<i>653</i>
<i>23 The Localization of Lesions Causing Coma</i>	<i>689</i>
<i>Index</i>	<i>721</i>
