

*Section 1: Nasal Cavity*

- 1. Office-Based Diagnosis of Sinonasal Disorders*
- 2. Sphenopalatine Artery Ligation for Epistaxis*
- 3. Anterior and Posterior Ethmoid Artery Ligation for Epistaxis*
- 4. Surgical Management of HHT*
- 5. Septoplasty (Classical and Endoscopic)*
- 6. Surgery of the Turbinates*
- 7. Septal Perforation*
- 8. Rhinectomy*

*Section 2: Paranasal Sinuses*

- 9. Balloon Sinus Dilation*
- 10. Antral Lavage; Endoscopic Middle Meatal Antrostomy/Antrochoanal Polyp*
- 11. Anterior Antrostomy: The Caldwell-Luc Operation*
- 12. Oral-antral Fistulas*
- 13. Medial Maxillectomy*
- 14. Complete Maxillectomy*
- 15. Endoscopic Ethmoidectomy*
- 16. External Ethmoidectomy - ONLINE ONLY*
- 17. Endoscopic Sphenoidotomy*
- 18. Trephination of the Frontal Sinus*
- 19. Osteoplastic Obliteration*
- 20. Frontal Sinus Cranialization*
- 21. Endoscopic Approach to the Frontal Sinus*
- 22. Draf III, Endoscopic Modified Lothrop*

*Section 3: Oral Cavity*

- 23. Cancer of the Lip*
- 24. Transoral Inferior Maxillectomy*
- 25. Partial Glossectomy*
- 26. Total Glossectomy*
- 27. Excision of Cancer of the Floor of Mouth*
- 28. Excision of Buccal Carcinoma*

*Section 4: Surgery for Obstructive Sleep Apnea*

29. *Drug-Induced Sedated Endoscopy*
30. *Uvulopalatopharyngoplasty and Related Modifications (Traditional UPPP, Uvulopalatal Flap, Anterior Palatoplasty)*
31. *Advanced Palatal Surgery*
32. *Hypoglossal Nerve Stimulation Therapy*
33. *Volumetric Tongue Base Reduction (Lingual Tonsillectomy, Coblation Midline Glossectomy, TORS)*
34. *Genioglossus Advancement*
35. *Hyoid Suspension*
36. *Maxillomandibular Advancement*
37. *Office-Based Snoring Procedures*
- Section 5: Nasopharynx*
38. *Endoscopic Nasopharyngectomy*
39. *Maxillary Swing/Transpalatal/Midface Degloving with LeFort I Osteotomy Approach for Nasopharyngectomy*
40. *Robotic-Assisted Nasopharyngectomy*
41. *Facial Translocation Approach to Nasopharynx*
- Section 6: Oropharynx*
42. *Transoral and Robotic Tonsil Surgery for Cancers of the base of tongue and pharynx*
43. *Transoral Removal of Elongated Styloid Process*
44. *Transoral Excision of Oropharyngeal Malignancy*
45. *Transcervical Pharyngotomy*
46. *Surgery of the Soft Palate*
47. *Transoral Robotic Surgery (TORS) for Neoplasms of the Base of Tongue*
48. *Transoral Laser Microsurgery of the Tongue Base*
49. *Pharyngectomy*
- Section 7: Hypopharynx and Esophagus*
50. *Esophagoscopy and Hypopharyngoscopy*
51. *Penetrating Trauma to the Hypopharynx and Cervical Esophagus*
52. *Dysfunction of the Upper Esophageal Sphincter*
53. *Partial Pharyngectomy*

54. *Cancer of the Cervical Esophagus*

55. *Reconstruction of Hypopharyngeal Defects*

*Section 8: Larynx: Airway*

56. *Excision of Laryngocele*

57. *Laryngeal Trauma*

58. *Bilateral Vocal Fold Immobility*

59. *Acquired Laryngeal Stenosis*

*Section 9: Larynx: Voice*

60. *Office-Based Laryngeal Procedures*

61. *Phonomicrosurgery for Benign Vocal Fold Lesions*

62. *Management of Recurrent Respiratory Papillomatosis*

63. *Vocal Fold Injection via Microlaryngoscopy*

64. *Medialization Laryngoplasty and Arytenoid Adduction*

65. *Intraoperative Medialization Laryngoplasty*

*Section 10: Larynx: Oncologic Surgery*

66. *Transoral CO2 Laser Microsurgery for Cancer of the Larynx*

67. *Horizontal Partial Laryngectomy*

68. *Vertical Partial Laryngectomy*

69. *Supracricoid Partial Laryngectomy*

70. *Total Laryngectomy*

71. *Total Laryngopharyngectomy*

72. *Supraglottic TORS*

*Section 11: Trachea and Mediastinum*

73. *Voice Restoration after Total Laryngectomy*

74. *Closure of Tracheoesophageal Fistula*

75. *Bronchoscopy*

76. *Open Tracheostomy*

77. *Percutaneous Tracheostomy*

78. *Laryngotracheal Separation*

79. *Tracheal Resection*

80. *Management of Tracheocutaneous Fistula and Depressed Scar*

81. *Stenosis of the Tracheostoma Following Total Laryngectomy*

*Section 12: Neck and Parapharyngeal Space*

*82. Office-Based Procedures: Fine-Needle Aspiration Biopsy of a Mass in the Head and Neck*

*83. Deep Neck Abscesses*

*84. Super-Selective Neck Dissection*

*85. Selective Neck Dissection*

*86. MRND*

*87. RND*

*88. Central Compartment Neck Dissection*

*89. Retropharyngeal Neck Dissection*

*90. Posterolateral Neck Dissection*

*91. Transcervical Approaches to the Cervical Spine*

*92. Excision of Neural Tumors of the Parapharyngeal Space*

*93. Excision of Carotid Body Tumors*

*94. Sentinel Lymph Node Biopsy*

*95. Management of Unknown Primary Cancer*

*96. Management of Traumatic Soft Tissue and Vascular Injuries to Neck*

*97. Endoscopic and Robotic Applications to Neck Surgery*

*98. Transoral Approach to the Parapharyngeal Space*

*99. Management of Tumors in the Prestyloid Parapharyngeal Space*

*Section 13: Thyroid and Parathyroid*

*100. Open Thyroidectomy*

*101. Minimally Invasive Video -Assisted Thyroidectomy*

*102. Robotic-Assisted Thyroidectomy*

*103. Massive and Substernal Goiter*

*104. Invasive Thyroid Cancer*

*105. Intraoperative PTH Monitoring*

*106. Parathyroidectomy for Primary Hyperparathyroidism and Non-Localizing Hyperparathyroidism*

*107. Reoperative Parathyroidectomy*

*108. Parathyroidectomy for Secondary Hyperparathyroidism*

*Section 14: Salivary Glands*

- 109. *Office Based Procedures*
- 110. *Surgical Management of Ranula*
- 111. *Excision of the Submandibular Gland*
- 112. *Mass in the Buccal Space*
- 113. *Parotidectomy Superficial*
- 114. *Parotidectomy Deep*
- 115. *Sialendoscopy*

*Section 15: Facial Skeleton*

- 116. *Marginal Mandibulectomy*
- 117. *Segmental Mandibulectomy*
- 118. *Mandibular Osteotomy Approaches*
- 119. *Fractures of the Mandible*
- 120. *Fractures of the Upper Facial and Midfacial Skeleton*
- 121. *Fractures of the Orbit*
- 122. *Nasal Fracture*
- 123. *Osseointegrated Implants*

*Section 16: Otology: External Ear*

- 124. *Office-Based Procedures in Otology*
- 125. *Foreign Bodies of the External Auditory Canal*
- 126. *External Canal Osteomas and Exostoses*
- 127. *Keratosis Obturans and Canal Cholesteatoma*
- 128. *Congenital and Acquired Atresia of the External Auditory Canal*

*Section 17: Otology: Middle Ear and Mastoid*

- 129. *Otitis Media, Myringotomy, Tympanostomy Tube and Balloon Dilation*
- 130. *Myringoplasty and Tympanoplasty*
- 131. *Ossicular Chain Reconstruction*
- 132. *Mastoid Surgery*
- 133. *Otosclerosis*
- 134. *Bone-Anchored Hearing Devices*
- 135. *Implantable Middle Ear Devices*

*Section 18: Otology: Temporal Bone*

- 136. *Intracranial Complications of Otitis Media*

- 137. *Tumors of the Facial Nerve*
- 138. *Facial Nerve Decompression*
- 139. *Resection of the Temporal Bone*
- 140. *Acoustic Neuroma*
- 141. *Glomus Tumors*
- 142. *Cholesterol Granulomas and Congenital Epidermoid Tumors of the Temporal Bone*
- 143. *Cerebrospinal Fluid Otorrhea and Encephalocele*
- 144. *Temporal Bone Trauma*
- 145. *Cochlear Implantation in Adults*
- 146. *Surgery for Vertigo*
- 147. *Superior Canal Dehiscence*
- 148. *Stereotactic Radiosurgery*
- Section 19: Cranial Base*
- 149. *Juvenile Angiofibroma*
- 150. *Transcranial Approach to Anterior Cranial Base*
- 151. *Surgical Approaches to the Infratemporal Fossa*
- 152. *Endoscopic Transpterygoid Approach to Middle Fossa*
- 153. *Endoscopic Petrosal Approaches*
- 154. *Endonasal Approach to the Sella and Parasellar Areas*
- 155. *Endoscopic Management of Cerebrospinal Fluid Leaks*
- 156. *Reconstruction after Skull Base Surgery*
- 157. *Transnasal and Transoral Approaches to the Cervical Spine*
- Section 20: Cosmetic and Facial Plastic Surgery*
- 158. *Management of Skin Cancer of the Head and Neck*
- 159. *Scalp Reconstruction*
- 160. *Facial Reanimation*
- 161. *Nasal Reconstruction*
- 162. *Rhinoplasty and Surgery of the Nasal Valve*
- 163. *Facial Resurfacing: Peels and Lasers*
- 164. *Blepharoplasty*
- 165. *Brow Lift*

166. *Face Lift (Rhytidectomy)*

166-A *Cosmetic Botox and Fillers*

*Section 21: Reconstructive Surgery*

167. *Microvascular Reconstruction of the Head and Neck*

168. *Paramedian Forehead Flaps*

169. *Pericranial Scalp Flap*

170. *Temporalis Muscle Transposition*

171. *Temporoparietal Fascial Flap*

172. *Pectoralis Major Myocutaneous Flaps*

173. *Deltopectoral Flap*

174. *Cervicofacial Transposition Flaps*

174-A. *Latissimus or Trapezius Flaps*

175. *Skin Grafting*

176. *Fascia Flaps, Fasciocutaneous, Alloderm*

177. *Split Calvarial Graft*

178. *Rib Graft*

179. *Nerve Graft Techniques*

180. *Cranioplasty*

*Section 22: Orbit*

181. *Orbital Decompression*

182. *Optic Nerve Decompression*

183. *Orbital Exenteration*

184. *Dacryocystorhinostomy*

185. *Eye Reanimation in Patients with Facial Paralysis*

186. *Lateral Canthotomy*

187. *Orbital Abscess*

*Section 23: Pediatrics-Nasal Cavity*

188. *Choanal Atresia/Pyramidal Aperture Stenosis*

189. *Midline Nasal Masses/Nasolacrimal Duct Cyst*

*Section 24: Pediatric-Nasopharynx*

190. *Adenoidectomy*

*Section 25: Pediatric-Oropharynx*

191. Tonsillectomy

*Section 26: Pediatric-Larynx Airway*

192. Laryngomalacia

193. Subglottic Stenosis

194. Surgery for Aspiration Laryngeal Cleft/Laryngotracheal Separation

195. Recurrent Respiratory Papillomatosis

196. Exit Procedure

*Section 27: Pediatric Trachea and Mediastinum*

197. Bronchoscopy and Tracheoscopy/Aerodigestive Tract Foreign Body

198. Management of Tracheal Stenosis

*Section 28: Pediatric Neck and Parapharyngeal Space*

199. Thyroglossal Duct Cyst

200. Branchial Cleft Cyst and Sinuses

*Section 29: Pediatric Facial Skeleton*

201. Mandibular Distraction

*Section 30: Pediatric Otology: Middle Ear and Mastoid*

202. Congenital Malformation of the Middle Ear

202-A A Otitis Media, Myringotomy, Tympanostomy Tube and Balloon Dilation in the Pediatric Population

*Section 31: Pediatric Otology: Temporal Bone*

203. Pediatric Cochlear Implantation

*Section 32: Pediatric Cosmetic and Plastic Surgery*

204. Cleft Palate and Velopharyngeal Dysfunction

205. Reconstruction of Microtia

206. Otoplasty
