SECTION I

DEVELOPMENT OF THE EYE AND RETINA

.....1

1 Embryology of the retina and Developmental Disorders

..... 3

Yomtov Robert Barishak and Abraham Spierer

2 The Hyaloidal Vasculature and its role in

Development.....12

Charles M. Calvo, Ronald P. Hobbs, and M. Elizabeth Hartnett

3 Vitreous and Developmental Vitreoretinopathies

.....17

Samuel Asanad and J. Sebag

4 Vitreous biochemistry and Pharmacologic Vitreolysis

.....32

Sasha Rosen, Matin Khoshnevis, and J. Sebag

5 retinal Vascular Development

..... 44

Michelle E. LeBlanc, Jinling Yang, and Patricia A. D'Amore

6 Human Choriocapillaris Development

.....55

Gerard A. Litty and D. Scott McLeod

7 Development of Cone Photoreceptors and the Fovea Centralis and the impact of Prematurity

.....67

Jan M. Provis and Michele C. Madigan

8 retinal

Development.....

.....76

Thomas A. Reh and Anna La Torre

SECTION II

ASSESSMENT AND REHABILITATION OF VISUAL FUNCTION IN PEDIATRIC RETINAL CONDITIONS	89
.....	
9 Assessment of Vision and retinal Function in infants and Children	91
.....	
Anne B. Fulton, Ronald M. Hansen, Bridget J. Peterson, Laura Bagdonaite-Bejarano, and James D. Akula	
10 ERG Waveforms in inherited Pediatric retinal Diseases	107
.....	
Hanna M. De Bruyn, Wanda Pfeifer, Arlene V. Drack, Ronald M. Hansen, and Anne B. Fulton	
11 Amblyopia in Pediatric retinal Conditions	116
.....	
Alina V. Dumitrescu and Pavlina S. Kempxi	
12 Workup of infantile/Congenital nystagmus	128
.....	
Brittini A. Scruggs and Arlene V. Drack	
13 Early intervention and rehabilitation in infants and Children With Visual impairment	142
.....	
Lea V. M. Hyvärinen	
14 Low Vision Management of Children and Teens With retinal Disorders	158
.....	
Mark E. Wilkinson and Khadija S. Shahid	
SECTION III	
IMAGING OF THE INFANT AND CHILD EYE AND RETINA	1
.....	
71	
15 retinal Photography and Multi-Wavelength imaging in infants and Children	173
.....	
C. K. Patel and Andrew Blaikie	
16 optical Coherence Tomography in infants and Children	189
.....	
Lejla Vajzovic, Anand Vinekar, and Cynthia A. Toth	
17 Fluorescein Angiography in Pediatric retinal Diseases	200
.....	
Nikisha Kothari, Niranjan Manoharan, and Irena Tsui	
18 ultrasonographic imaging in infants and Children	213
.....	
Roger P. Harrie	
19 imaging Analysis in infants and Children	221
.....	
Sang Jin Kim, John Peter Campbell, and Michael F. Chiang	

<i>20 image Storage and retrieval and Telemedicine</i>	227
<i>Marco H. Ji, Darius M. Moshfeghi, and Antonio Capone Jr</i>	
SECTION IV	
GENETICS AND DEVELOPMENTAL DISORDERS IN PEDIATRIC RETINA	241
<i>21 Genetic Counseling for Pediatric retinal Diseases</i>	243
<i>Karmen M. Trzupek and Briana L. Sawyer</i>	
<i>22 Anomalies of the optic nerve</i>	255
<i>Chrysanthi Basdekidou and George Caputo</i>	
<i>23 Albinism</i>	280
<i>Katherine Ann Lee, Sylvia R. Kodsi, Joseph Carroll, and C. Gail Summers</i>	
<i>24 neuronal Ceroid Lipofuscinoses and Lysosomal Storage Diseases</i>	301
<i>Sana Idrees and Mina Chung</i>	
<i>25 retinal Manifestations of Metabolic Disease in Children</i>	320
<i>Arif O. Khan</i>	
<i>26 Generalized retinal and Choroidal Diseases</i>	339
<i>Meghan M. Brown and Kean T. Oh</i>	
<i>27 Leber Congenital Amaurosis</i>	355
<i>Razek Georges Coussa, Robert K. Koenekoop, and Elias I. Traboulsi</i>	
<i>28 Gene Therapy</i>	372
<i>Tomas S. Aleman, Albert M. Maguire, and Jean Bennett</i>	
<i>29 Congenital Stationary night blindness (CSNB)</i>	400
<i>Christina Zeitz, Juliette Varin, and Isabelle Audo</i>	
<i>30 Stargardt Macular Dystrophy/Fundus Flavimaculatus: From Disease and Gene Discovery to identification of Disease Pathways to the Development of Therapies</i>	411
<i>Robert K. Koenekoop and Thomas M. Aaberg Sr</i>	
<i>31 Mitochondrial, Peroxisomal, Glycosylation Disorders</i>	430
<i>Samer Khateb, Ann Saada, Patrick Yu-Wai-Man, John B. Kerrison, and Itay Chowers</i>	

32 <i>bardet-biedl Syndrome</i>	449
.....	
<i>Seongjin Seo and Arlene V. Drack</i>	
33 <i>usher Syndrome</i>	46
.....	
0	
<i>Alaa Koleilat, Raymond Iezzi Jr, and Lisa A. Schimmenti</i>	
34 <i>X-Linked r etinoschisis</i>	468
.....	
<i>Catherine A. Cukras, Laryssa A. Huryn, Michael T. Trese, and Paul A. Sieving</i>	
35 <i>norrie Disease</i>	
.....	
. 481	
<i>Kimberly A. Drenser</i>	
36 <i>incontinentia Pigmenti</i>	485
.....	
<i>T. Y. Alvin Liu and Morton F. Goldberg</i>	
37 <i>High Myopia and Vitreoretinopathies</i>	494
.....	
<i>Sherveen S. Salek and G. Baker Hubbard III</i>	
SECTION V	
PATHOPHYSIOLOGY IN RETINAL DISEASES	503
.....	
38 <i>Mechanisms of VEGF Signaling in Developmental and Pathologic Angiogenesis r elated to r etinopathy of Prematurity.....</i>	505
<i>M. Elizabeth Hartnett, Haibo Wang, Aaron B. Simmons, Colin A. Bretz, Eric Kunz, and Aniket Ramshekar</i>	
39 <i>Weight Gain and r etinopathy of Prematurity</i>	515
.....	
<i>Ann Hellström, Lois E. H. Smith, and Anna-Lena Hård</i>	
40 <i>oxygen as a Pathogenic Factor in r etinopathy of Prematurity (roP)</i>	527
.....	
<i>Dolly A. Padovani-Claudio, Megan E. Capozzi, Colin A. Bretz, and John S. Penn</i>	
41 <i>oxidative Mechanisms and Signaling Pathways r elated to Pathogenesis of r etinopathy of Prematurity</i>	541
.....	
<i>Haibo Wang and M. Elizabeth Hartnett</i>	
42 <i>Signaling Pathways in Wnt and Effects on Disease</i>	554
.....	
<i>Eric Nudleman, Geoffrey Weiner, and Kimberly A. Drenser</i>	
43 <i>Hypoxia-inducible Factors and Prevention of roP</i>	563
.....	
<i>Jonathan E. Sears and George Hoppexxiii</i>	
CONTENTS	

SECTION VI

TUMORS

.....571

44 retinoblastoma

.....5

73

*Jesse L. Berry and Joan Marie O'Brien*

45 Treatment of retinoblastoma

.....599

*Lauren A. Dalvin, David Ancona-Lezama, and Carol L. Shields*

46 Tumors in infants and

Children.....619

*Victor M. Villegas and Timothy G. Murray*

SECTION VII

UVEITIS IN INFANTS AND CHILDREN

.....647

47 uveitis and Endophthalmitis Affecting infants and Children

..... 649

*Christopher D. Conrady, Stephen D. Anesi, C. Stephen Foster, and Albert T. Vitale*

48 Surgical Approaches to uveitis

.....722

*Stavros N. Moysidis, Edward H. Wood, Baruch D. Kuppermann, and Lisa J. Faia*

49 uveitis Masquerade Syndromes

..... 747

*Mikel Mikhail and Lisa J. Faia*

SECTION VIII

RETINOPATHY OF PREMATUREITY

.....761

50 Worldwide Causes of Childhood blindness

..... 763

*Clare E. Gilbert and Nathalie Lepvrier-Chomette*

51 Education and Management of retinopathy of Prematurity Worldwide

..... 784

*Tala Al-Khaled, Samir N. Patel, and R. V. Paul Chan*

52 Clinical Trials and Management of retinopathy of Prematurity

..... 796

*Julia P. Shulman and M. Elizabeth Hartnett*

53 Anti-VEGF Treatment in retinopathy of Prematurity

..... 821

*Anna L. Ells, Wei-Chi Wu, and Darius M. Moshfeghi*

54 Evolution of Stage 4 retinopathy of Prematurity

..... 832

*Antonio Capone Jr and Michael T. Trese*

55 Treatment of Stages 4 and 5 r etinopathy of Prematurity .....	838
<i>Antonio Capone Jr, Michael T. Trese, and M. Elizabeth Hartnett</i>	
SECTION IX	
PRINCIPLES OF SURGERY FOR PEDIATRIC RETINAL CONDITIONS .....	847
56 General Surgical Considerations and Preoperative Management in infants and Children .....	
.....	849
<i>Michael T. Trese and Antonio Capone Jr</i>	
57 Anesthesia for infants and Children .....	852
<i>P. Anthony Mezaxxiv ConTE nTS</i>	
58 External and Minor Surgical Procedures .....	860
<i>Emmanuel Y. Chang, Antonio Capone Jr, and Michael T. Trese</i>	
59 Anterior Segment Surgery Combinations With Posterior Segment Diseases .....	868
<i>Mark K. Walsh</i>	
60 Surgical Approaches to infant and Childhood r etinal Diseases: Scleral buckles .....	875
<i>Jessica G. Lee and Philip J. Ferrone</i>	
61 Surgical Approaches to infant and Childhood r etinal Diseases: intravitreal Surgery .....	884
<i>Jonathan E. Sears</i>	
62 Endoscopic Vitreous Surgery in infants and Children .....	891
<i>Sui Chien Wong and Thomas C. Lee</i>	
SECTION X	
MANAGEMENT OF VITREORETINAL CONDITIONS OF INFANTS AND CHILDREN .....	
.....	897
63 Pediatric rhegmatogenous r etinal Detachment .....	899
<i>Lejla Vajzovic</i>	
64 Coats Disease .....	
.....	910
<i>J. Michael Jumper</i>	
65 Persistent Fetal Vasculature Syndrome .....	921
<i>Supalert Prakhunhungsit and Audina M. Berrocal</i>	
66 Pediatric Vitreoretinopathies: Familial Exudative Vitreoretinopathy,	

<i>norrie Disease, and incontinentia Pigmenti</i>	934
.....	
<i>Lauren M. Wright and Yoshihiro Yonekawa</i>	
<i>67 Epiretinal Membrane and Combined Hamartoma of the retina</i>	
<i>and retinal Pigment Epithelium</i>	
.....	949
<i>Cynthia A. Toth</i>	
<i>68 Surgery for Gene Therapy</i>	
.....	958
<i>Jonathan F. Russell, Albert M. Maguire, and Stephen R. Russell</i>	
<i>69 Childhood ocular Trauma</i>	
.....	971
<i>Mrinali P. Gupta and Philip J. Ferrone</i>	
<i>70 nonaccidental Head Trauma</i>	
.....	990
<i>George Caputo and Wei-Chi Wu</i>	
<i>ATLAS</i>	
<i>ATLAS A Hemorrhages</i>	
.....	999
<i>George Caputo</i>	
<i>ATLAS b Macula</i>	
.....	
1003	
<i>George Caputo</i>	
<i>ATLAS C Pigmentary Changes</i>	
.....	1022
<i>George Caputoxxv Con TEnTS</i>	
<i>ATLAS D Posterior Segment Masses</i>	
.....	1031
<i>George Caputo</i>	
<i>ATLAS E Flecks and Spots</i>	
.....	1036
<i>Michael T. Trese, Antonio Capone Jr, and M. Elizabeth Hartnett</i>	
<i>ATLAS F Abnormal retinal Vasculature</i>	
.....	1038
<i>George Caputo</i>	
<i>ATLAS G retinal Detachment and Schisis</i>	
.....	1045
<i>George Caputo</i>	
<i>ATLAS H optic nerve</i>	
.....	1050
<i>George Caputo</i>	
<i>Index</i>	
.....	

.....	1059
APPENDIX OF PROCEDURAL VIDEOS .....	1083
<i>George Caputo</i>	
<b>EBOOK CHAPTERS</b>	
<i>e1 basics of Genetic Testing and Methodology</i>	
<i>Virginia Miraldi Utz and Diana Schorry Brightman</i>	
<i>e2 Selected Pediatric retinal Differential Diagnosis based on Clinical Symptoms and Signs</i>	
<i>Virginia</i>	
<i>Virginia Miraldi Utz and Elias I. Traboulsi</i>	
<i>e3 online resources for Pediatric retinal Disorders</i>	
<i>Arlene V. Drack</i>	
<i>e4 Genetic Mutations and related Proteins Associated With inherited retinal Diseases</i>	
<i>Robert S. Molday</i>	
<i>e5 Extracellular Matrix regulation of Vascular Development in the retina</i>	
<i>Saptarshi Biswas, William J. Brunken, and Dale D. Hunter</i>	
<i>e6 Visual Anomalies Associated With reduced retinal Pigmentation</i>	
<i>Donnell J. Creel</i>	
<i>e7 Applications for Human Pluripotent Stem Cell-Derived retinal Cells in Development, Disease and Cellular replacement</i>	
<i>Kirstin B. VanderWall, Clarisse M. Fligor, Sailee S. Lavekar, Kang-Chieh Huang, and Jason S. Meyer</i>	
<i>e8 Human pluripotent stem cell-derived retinal organoids as in vitro models of retinogenesis and therapeutic tools for retinal degeneration</i>	
<i>Clarisse M. Fligor, Kang-Chieh Huang, Kirstin B. VanderWall, Sailee S. Lavekar, and Jason S. Meyer</i>	
<i>e9 regenerative Medicine</i>	
<i>Michael T. Trese, Edward H. Wood, Antonio Capone Jr, and Kimberly A. Dreiser</i>	
<i>ConTE nTS</i>	
<i>e10 international roP: retinopathy of Prematurity in Chile</i>	
<i>Andrés Kychenthal Bab and Paola Dorta Salfate</i>	
<i>e11 international roP: retinopathy of Prematurity in Mexico</i>	
<i>María Ana Martínez-Castellanos, Ana González H. León, and Estephania Feria Anzaldo</i>	
<i>e12 international roP: retinopathy of Prematurity in india</i>	
<i>Anand Vinekar</i>
