

SECTION 1 Introduction

- 1 *History of Thyroid and Parathyroid Surgery*
- 2 *Applied Embryology of the Thyroid and Parathyroid Glands*
- 3 *Thyroid Physiology and Thyroid Function Testing*

SECTION 2 Benign Thyroid Disease

- 4 *Thyroiditis*
- 5 *Thyroglossal Duct Cysts and Ectopic Thyroid Tissue*
- 6 *Surgery of Cervical and Substernal Goiter*
- 7 *Approach to the Mediastinum: Transcervical, Transsternal, and Video-Assisted*
- 8 *Surgical Management of Hyperthyroidism*
- 9 *Reoperation for Benign Thyroid Disease*

SECTION 3 Preoperative Evaluation

- 10 *The Evaluation and Management of Thyroid Nodules*
- 11 *Fine-Needle Aspiration of the Thyroid Gland: The 2017 Bethesda System*
- 12 *Fine-Needle Aspiration and Molecular Analysis*
- 13 *Ultrasound of the Thyroid and Parathyroid Glands*
- 14 *Preoperative Radiographic Mapping of Nodal Disease for Papillary Thyroid Carcinoma*
- 15 *Laryngeal Examination in Thyroid and Parathyroid Surgery*
- 16 *Radiofrequency and Laser Ablation of Thyroid Nodules and Parathyroid Adenoma*

SECTION 4 Thyroid Neoplasia

- 17 *Differentiated Thyroid Cancer Incidence*
- 18 *Molecular Pathogenesis of Thyroid Neoplasia*
- 19 *Papillary Thyroid Cancer*
- 20 *Papillary Thyroid Microcarcinoma*
- 21 *Papillary Carcinoma Observation*
- 22 *Follicular Thyroid Cancer*
- 23 *Noninvasive Follicular Thyroid Neoplasm With Papillary-Like Nuclear Features (NIFTP)*
- 24 *Dynamic Risk Group Analysis and Staging for Differentiated Thyroid Cancer*
- 25 *Hürthle Cell Tumors of the Thyroid*
- 26 *Sporadic Medullary Thyroid Carcinoma*

27 Syndromic Medullary Thyroid Cancer: MEN 2A and MEN 2B

28 Anaplastic Thyroid Cancer and Primary Thyroid Lymphoma

29 Pediatric Thyroid Cancer

30 Familial Nonmedullary Thyroid Cancer

SECTION 5 Thyroid and Neck Surgery

31 Principles in Thyroid Surgery

32 Robotic and Extracervical Approaches to the Thyroid and Parathyroid Glands

33 Transoral Thyroidectomy

34 Minimally Invasive Video-Assisted Thyroidectomy

35 Surgical Anatomy and Monitoring of the Superior Laryngeal Nerve

36 Surgical Anatomy and Monitoring of the Recurrent Laryngeal Nerve

37 Surgery for Locally Advanced Thyroid Cancer: Larynx, Tracheal Invasion, and Esophageal

38 Central Neck Dissection: Indications and Technique

39 Lateral Neck Dissection: Indications and Technique

40 Incisions in Thyroid and Parathyroid Surgery

41 Surgical Pathology of the Thyroid Gland

SECTION 6 Postoperative Considerations

42 Pathophysiology of Recurrent Laryngeal Nerve Injury

43 Management of Recurrent Laryngeal Nerve Paralysis

44 Nonneural Complications of Thyroid and Parathyroid Surgery

45 Quality Assessment in Thyroid and Parathyroid Surgery

46 Ethics and Malpractice in Thyroid and Parathyroid Surgery

SECTION 7 Postoperative Management

47 Postoperative Management of Differentiated Thyroid Cancer

48 Postoperative Radioactive Iodine Ablation and Treatment of Differentiated Thyroid Cancer

49 External Beam Radiotherapy for Thyroid Malignancy

50 Reoperative Thyroid Surgery

51 Nonsurgical Treatment of Thyroid Cysts, Nodules, Thyroid Cancer Nodal

Metastases, and Hyperparathyroidism: The Role of Percutaneous Ethanol Injection

52 Medical Treatment Horizons for Metastatic Differentiated and Medullary Thyroid Cancer

SECTION 8 Parathyroid Surgery

53 Primary Hyperparathyroidism: Pathophysiology, Surgical Indications, and Preoperative Workup

54 Guide to Preoperative Parathyroid Localization Testing

55 Principles in Surgical Management of Primary Hyperparathyroidism

56 Standard Bilateral Parathyroid Exploration

57 Minimally Invasive Single Gland Parathyroid Exploration

58 Minimally Invasive Video-Assisted Parathyroidectomy

59 Intraoperative PTH Monitoring During Parathyroid Surgery

60 Surgical Management of Multiglandular Parathyroid Disease

61 Surgical Management of Secondary and Tertiary Hyperparathyroidism

62 Parathyroid Management in the MEN Syndromes

63 Revision Parathyroid Surgery

64 Parathyroid Carcinoma

65 Surgical Pathology of the Parathyroid Glands
